

MEXICAN BANDITS KILL AMERICANS

MINING MEN BRING WORD TO BORDER Send Statement on Conditions To Washington

(By The Associated Press.)
NOGALES, ARIZ., June 7.—More than thirty two Americans and Mexicans have been killed by Yaquis and bandits in the La Colorado district of Sonora, Mexico during the last two weeks, according to the statement of nine American mining men who arrived from that neighborhood tonight. The party of Americans, whose homes are in Arizona, Colorado and California, have sent a statement on conditions in that district to the state department at Washington, with copies to Senators C. S. Thomas of Colorado, Hiram Johnson of California and Marcus Smith and Henry F. Ashurst of Arizona.

In the report on affairs in Sonora forwarded to the state department by the returned mining men, it is stated that nineteen Mexicans were killed by Mexican bandits and one American, Charles Morgan, was shot in the foot in a raid at Navajo; that five Mexicans were killed by the Mexican bandits at Nuri, 12 miles from where H. S. White, an American truck driver of Tucson, Ariz., was recently slain.

It is believed now that White was killed by Mexican bandits and not by Yaquis as was at first reported since the tracks of his slayers showed that they wore shoes and not the Yaqui sandals. The murder of C. V. P. Tevete, mining engineer, three days ago, undoubtedly was the work of the Yaquis, say the returned Americans. Two Mexicans in the automobile with Tevete and four other Mexicans accompanying the party on horseback also are reported to have been killed at the same time.

Says More Troops Needed.
Washington, June 7.—Declaring that the Mexican border situation is so critical that a larger force of troops on the border is necessary to protect the lives and property of citizens, Governor Hobbs of Texas has requested Secretary Baker to call into the federal service the first and second brigades of Texas cavalry and mobilize them at a convenient point.

The war department immediately telegraphed the commanding general of the southern department who has charge of the border guard, asking his views on the request and for any information bearing upon the situation described by Governor Hobbs.

Message Not a Request.
Austin, Tex., June 7.—Governor W. P. Hobby said tonight that he has no information that additional forces are needed on the Texas border and that his telegram to the war department was not a request that the national guard be called into federal service but was an offer of the cavalry units in case they are needed. He added that he made the offer because he thought as a result of demobilization of the army and the number of men in foreign service that the two brigades might be needed later on the border.

SUSPEND PEORIA MANAGER
Chicago, June 7.—James Hamilton, manager of the Peoria Club of the Three I League was suspended for three days by President Kearney because he returned to the field after having been ordered off by the umpire June 4, in a game at Evansville.

Hamilton will be back in the game Sunday. In addition to the suspension Hamilton was fined three days' pay and the club was fined \$100.

WOMAN JUMPS FROM TRAIN
Chicago, June 7.—A woman believed to be Jennie Johnson of Union City, Ill., plunged from a fast Chicago, Milwaukee and St. Paul train entering the city today and incurred probably fatal injuries. She was taken unconscious to a hospital.

ORDER NATION-WIDE WIRE OPERATORS' STRIKE

U.S. Delegates Will Refuse Senate Treaty

(By The Associated Press.)
PARIS, June 7.—The American delegation to the peace conference apparently is firm in its decision not to authorize the publication of the German peace treaty until it is signed and not even to communicate the official text in its present form to the United States senate.

A member of the American delegation in discussing the complaint made in the senate concerning publication of the treaty in Germany and charges that copies were in the hands of New York bankers said the delegation had not violated the pledge made to other powers not to give out the treaty until it is completed and will not do so. He added that so far as he knew Germany had not been requested to keep the treaty secret as such a request to an opponent would not be in conformity with accepted diplomatic practice.

The delegate, in replying to an inquiry why the covenant of the league of nations had been published while the peace treaty was part of the treaty, said that it was not actually dealt with the terms of peace and, consequently, is essentially of a different character.

Thinks Wilson Will Explain.
Washington, June 7.—Administration officials believe President Wilson's reply to the senate resolution asking for the peace treaty with Germany will be that it is not compatible with the public interest to furnish the text at this time.

This belief was strengthened by dispatches today from Paris saying the American peace delegation apparently is firm in its decision not to authorize publication of the treaty until it is signed.

Cables Resolution.
Washington, June 7.—Acting Secretary of State Polk today cabled President Wilson the senate resolution calling on the state department for delivery of the peace treaty.

Officials believe here President Wilson cannot release the treaty without the consent of the French and British leaders. Both the French chamber of deputies and the British house of commons, it is stated, are as anxious to get the treaty as the American senate is. That Lloyd-George or Clemenceau will consent to publication of the treaty is doubted.

REVOKES CHARTERS OF TWO WINNIPEG UNIONS
WASHINGTON, June 7.—Martin F. Ryan, president of the Brotherhood of Railroad Carriers, has revoked the charter of two local unions of that order at Winnipeg and a third at Edmonton, Canada, it was announced at the American Federation of Labor headquarters, on the ground that action of their members in appropriating money for organizing the "one big union" which has led to strikes now progressing in Western Canada is a disregard of union law. Other heads of international unions are said to be preparing similar orders affecting their crafts.

The revocation, President Ryan said, was only incidentally based on the strike now in progress. The locals affected are alleged to have spent the order's money to assist in creating "one big union" including all other crafts, which hereafter called the general strike. Organizers, he said, had been sent into Canada to begin organizing new locals of the Brotherhood in place of those abolished. It was also said at federation headquarters that William H. Johnson, president of International Machinists' Union, had taken similar action affecting a local of that order in Vancouver and for the same reasons.

PRESENT INJUNCTION ARGUMENTS
Springfield, Ill., June 7.—Arguments to make permanent an injunction granted in the federal court to restrain members of the Alton, Ill., union of the Amalgamated Association of Iron and Steel Workers from interfering with the operations of the Laclede Steel company were presented before Judge Louis Fitzhugh in federal court today. The case was taken under advisement.

NAME EISELEN DEAN
Chicago, June 7.—Prof. C. F. Eistate, Evanston, Ill., today was elected dean of the college of Liberal Arts at Northwestern University. He was recommended by the newly elected president, Dr. Lynn Harold Hough.

MAKE LITTLE PROGRESS IN REPLY TO HUNS

Clemenceau Determined Not to Modify Demands

(By The Associated Press.)
PARIS, June 7.—(By The Associated Press.)—Little progress was made today by the council of four in the attempt to formulate the reply to the German counter-proposals. The attitude of the American committee remained firm in its determination not to modify the demands upon the Germans. It is expected that a majority of the reports of the minor commissions will come before the council Monday when it is possible that more rapid progress will be made. It has been pointed out to both the French and English delegates that virtually as much time has been taken by the allies in preparing an answer to the German counter-proposals as was allowed the Germans to consider the treaty after its presentation and it has been urged upon them to effect an agreement as soon as possible.

The question of Fiume also was discussed today, but no decision was reached.

No Date Has Been Set
(By The Associated Press.)
Peace conference commissions and councils continue their work of hastening completion of the reply to the German counter-proposals. Indications are lacking, however, as to when the answer will be ready. No date for handing the reply to the Germans has been set, although it was reported earlier in the week that Monday would see the reply transmitted.

The council of four again on Sunday considered the German counter-proposals, especially the western frontier of Poland. The frontier as outlined in the peace terms was the cause of strong protests from the Germans.

Coun. von Brockdorff-Rantzau, the head of the German delegation, is at Cologne. One report is that his visit has to do with the situation in the Rhineland brought about by the proclamation of a Rhenish republic. The Berlin government is attempting to counteract the Republican movement by the appointment of Karl Timmer, a Centrist, a resident of the Rhineland, as regional president.

A report thru Paris says the German national assembly met in Berlin Saturday to consider the peace terms and reports from the German plenipotentiaries. Another report is that the assembly has been called to meet in Berlin late next week.

Dr. Renner, chairman of the Austrian delegation, has returned to St. Germain after conferring with fellow members of the Austrian government at Feldkirch. The Austrian national assembly was expected to meet Saturday to consider the treaty.

There are signs of political discontent in Germany. The radicals have seized upon the alleged mistakes of the government to begin another campaign. In Bavaria disorders have broken out in Munich as a protest by the radicals against the execution of the Bavarian communist leader, Levinsky Nishen. In Berlin and strikes also have occurred in several cities in Bavaria.

**COMMITTEE TO MEET
DANIELS HALF WAY**
WASHINGTON, June 7.—The house naval affairs committee agreed today to meet Secretary Daniels half way on the size of the navy.

In framing the 1920 appropriation bill the committee approved the secretary's recommendation that the enlisted personnel be fixed at 250,000 until October 1. From that date to January 1, Mr. Daniels wanted 225,000 men. The committee voted to put the maximum for that period at 200,000 and 175,000 thereafter as against 200,000 thereafter, the number asked by the department.

Chairman Butler said the committee was determined to have economy and that it would eliminate or greatly reduce all items not regarded as absolutely essential for a high degree of efficiency. Members estimated that the reduction in personnel meant a saving of \$150,000,000.

Strike Threatens.
Munich, June 6.—A general strike threatens this city as a result of the execution of Levine Nishen. Occupational troops have been ordered to prepare to meet any emergency.

Arrest Four For Alleged Conspiracy

(By The Associated Press.)
DETROIT, Mich., June 7.—With the arrest here today of four men, one of them an army officer, partment of justice agents disclosed an alleged conspiracy to defraud the government in the sale of \$30,000,000 worth of army supplies to be salvaged here.

The United States grand jury has returned indictments. It was announced against Captain Soterio Nicholson of Washington, chief finance officer of the ordinance department for this district, an unnamed officer recently sent to France in connection with the disposal of excess supplies; Grant Hugh Browne, a millionaire sportsman and race track owner of Detroit and Fred C. Collins, vice consul for Greece and president of a local realty company.

All but the officer in France, together with Bert Harris, a junk dealer of New York, are held at Fort Wayne, an army post here for trial. Harris, who is alleged to be disposed of the material, will be arraigned before the grand jury Tuesday.

The arrests followed an investigation extending over two months and came, department of justice officials said, after the first deal in the alleged plot was put thru at Rochester, N. Y., Thursday. The transaction, it is explained, involved twenty one thousand tons of material valued at \$300,000.

ROBBERS RAID LEEDS, IA., BANK

STOUCX CITY, Iowa, June 7.—Bank robbers secured \$25,000 in cash and liberty bonds in a raid on the Leeds Bank in Leeds, a suburb of Stouxcx City today. The robbers overtook \$12,000 in liberty bonds. The men made their escape in an automobile.

Three bandits entered the bank at noon and at the point of revolvers locked M. R. Bliss, the cashier and J. A. Pope, a customer in the vault. Then the bandits proceeded with the robbery one of them "covering" two men at the rear wall, and the others searched the vault. They hurriedly scraped the money and bonds into a pile and scooped the loot into a satchel with their hands. Satisfying themselves that the vault was "cleaned" they marched Bliss and Pope inside and slammed the door. They hurried outside to a waiting automobile and made their escape.

**KOLCHAK ADHERES TO
ALLIED PRINCIPLES**
PARIS, June 7.—(Havas.)—Admiral Kolchak, head of the all-Russian government at Omsk, in his note answering proposals made by the allied and associated powers declares that in general he adheres to the principles outlined by the powers. He dwells at length on the spontaneous wish of Russia and the men speaking in her name to proceed with national reconstruction on a most democratic basis.

Concerning the new countries formed on the borders of Russia, he says that his government already has recognized the independence of Poland, but that final frontiers will have to be adjusted by mutual agreement. Admiral Kolchak says his government will accept the assistance of the various non-Bolshevik governments in solving the difficulties in the period of transition prior to the establishment of a regular government.

Concerning the Russian debts Admiral Kolchak reiterates the decision of his government to pay all debts contracted by the various governments up to November, 1917, the beginning of the Bolshevik revolution.

ESTHONIANS TAKE TOWN.
Copenhagen, June 7.—The Estonians are reported to have taken Hessawegen, in southern Livonia. They have begun to drive the Bolsheviks in the direction of Kreutzburg, 70 miles southeast of Riga. The Bolsheviks are fleeing in panic for Central Livonia to avoid being surrounded.

The Lithuanian information bureau reports that Germans from Viga are advancing in the rear of the Bolsheviks for the purpose of occupying the eastern frontier of Livonia.

Detroit Car Men Strike Suddenly

(By The Associated Press.)
DETROIT, Mich., June 7.—Street car service in Detroit came to a sudden halt at 10 o'clock tonight when motormen and conductors of the Detroit United Railways company struck to enforce their demands for increased pay.

The action was taken on the recommendation of W. H. Mahon, president of the Amalgamated Association of Street and Electric Railway Employees, who was informed by President Frank W. Brooks of the Traction company that a high schedule of fares, upon which increased pay for the men was contingent had been refused by the city council.

Following the vote the carmen were instructed to take their cars to the barns immediately, leaving hundreds of Saturday night shoppers and shoppers marooned in the downtown district it having previously been announced the strike, if called, would not become effective until four a. m. Sunday.

The walkout of union officials declared, undoubtedly would later involve employees of the company's lines in Port Huron, Ann Arbor, Mt. Clemens, Flint and Pontiac.

MICHIGAN TAKES WESTERN MEET

CHICAGO, June 7.—Scoring in eleven of sixteen events the University of Michigan track and field team today won the annual games of the Western Intercollegiate conference athletic association totaling 44½ points. The University of Chicago was second, with 34 points and Detroit third with 22 points and point ahead of Notre Dame university.

Overshadowing all team performances, however, was the work of C. E. Johnson of Michigan. This athlete started in four events, won all of them and in the high and broad jumps set new conference records. Only in the high jump was he pushed, W. J. Paige of Ames clearing the bar at 6 feet 1½ inch and forcing the big Michigan athlete to go two inches higher to win. The previous record was 6 feet, 1½ inch.

In the broad jump Johnson distanced all his competitors in his first attempt but took two more trials and cleared 24 feet 1½ inch, bettering the conference record of 23 feet, 11½ inches which he himself established last year. In the hurdles he won heats and finals with ease.

There were notable performances also by W. Hayes of Notre Dame college in the century in 0:09 4-5 tying the eastern and western college records and then sprinting away from his field in the furlong dash.

Outside these feats the performance of W. T. Foreman of the Kansas Aggies College in the two mile run attracted most attention. Moore and McCosh of Chicago and Seigwick of Michigan were supposed to have this event at their mercy.

The defeat in the two mile and a similar failure to finish better than third in the relay virtually killed Chicago's chances of winning the meet. McMahon, the big Nebraska quarter miler, was responsible for the relay result as he took the baton for the last relay a good thirty yards behind Speed of Chicago and ran the latter off his feet.

BREAK FOUR RECORDS
Philadelphia, June 7.—Four world's records were broken today on the Meadow Brook games on Franklin Field, when four University of Pennsylvania men lowered the relay figures in the 400 meters, 440 yards, 800 meters and 880 yards events.

ORGANIZE FIRST INFANTRY
Springfield, Ill., June 7.—An order for the organization of the first infantry of the Illinois National Guard of which Colonel Joseph B. Sanborn remained commander though the war, was issued today by Adjutant General Dickson. The regiment has been recruited wholly in Chicago.

EXECUTION MAY RESULT IN NEW HUN REVOLT

Hasse Followers Predict Overthrow of Ebert Regime

(By The Associated Press.)
BERLIN, Friday, June 6.—(By The Associated Press.)—The political mistake of the Bavarian cabinet in permitting the execution of Levine Nishen, a leader of the Bavarian communists, it became apparent today, is likely to result in another Spartacan attempt against the government.

The political effect of the execution asserted itself in Berlin. A general strike was ordered and the Independent Socialist organ Die Freiheit opened up an editorial broadside.

The Spartacan movement has been in course of preparation the past several weeks on account of the outcome of the trials of the slayers of Dr. Liebknecht and Rosa Luxemburg, the escape of military officers imprisoned for killing the Spartacan leaders and the stern rule of Gustav Noske, the minister of national defense. The situation has furnished the Independent Socialists as Spartacans and Extremists with handy ammunition.

The political disaffection has extended to the majority Socialists and resolutions adopted by factory and workmen's councils which will meet at Weimar Tuesday to demand the retirement of Socialists from the present government.

The radical opponents of the Ebert and Scheidemann governments are also using the tangled peace situation as another weapon with which to attack their former comrades.

If the cabinet weathers the blow it is believed it will be chiefly because the allied reply to the German counter proposals will be sufficiently favorable and conciliatory to enable the present government to regain its prestige.

Today the flurry had hardly reached the stage of acute crisis when the followers of Hugo Haase were said to be predicting the overthrow of Ebert and Scheidemann within eight days.

The German national assembly will meet in Berlin the latter part of next week.

SAY PROHIBITION WILL RAISE RATES

CHICAGO, June 7.—Increased hotel rates thruout the country will follow prohibition, according to managers of several of Chicago's large hotels. One of them pointed out today that increases had been put into effect in Washington, D. C., and Springfield, Ill., the capital, both of which are dry cities. The advantages would not be a complete move it was explained, but a smaller number of hotels should find it necessary to raise rates from 25 to 50 cents a day the necessary advance by the large hotels would be between 75 cents and \$1.25 a day.

Chicago liquor dealers generally have gained the belief from sources not named that demobilization of the army will be declared completed on Labor Day ending war-time prohibition, and allowing at least four months before the prohibition constitutional amendment is scheduled to take effect. Between July 1 and Sept. 1 saloonkeepers would turn their places into soft drink parlors and pool rooms.

RECEIVE WOMEN DELEGATES IN PARIS

PARIS, June 7.—[By The Associated Press.]—Jane Addams, Chrystal McMillan and the other delegates appointed by the women's international conference for permanent peace at Zurich to present resolutions to the peace conference have been received by Captain Andre Tordieu, of the French delegation; Sir Joseph G. Ward, New Zealand minister of finance; Col. Edward M. House of the American delegation and Lord Robert Cecil of the British delegation. One American delegate told them that women would participate in the various plebiscites provided by the peace treaty. Mr. Barnes said nothing prevented the women from insisting that their governments allow a woman to be appointed to membership in the commission on international labor legislation while Sir Robert Cecil repeated his assurance that women could be elected to the highest posts in the league of nations.

Only Regular Combat Units Now in France

(By The Associated Press.)
WASHINGTON, June 7.—Homeward movement of National Guard and National Army combat units from France is complete. Chief of Staff March announced today, all units having embarked for this country.

The movement of regulars has been begun, he stated. The Sixth Division began its sailing this week.

March's statement on the National Guard and National Army units forming the combat units, thousands of National Army and National Guard men are still in France as replacements in regular army divisions or who went overseas with or to replace Quartermaster, Medical, Service and other units in the A. E. F. services of supply. Most of these men, March stated, will be out during June and July.

All remaining regiments of the original Archangel expedition will be out of Russia within two weeks. Chief of Staff March announced today.

The companies which left Archangel for Brest, June 3, he said, were Companies E, G, I, M, and the Machine gun company of the 339th Infantry, comprising 52 officers and 1,549 men. Two officers and a 323 men of unspecified units sailed for England.

The only American troops to be left of the Archangel forces, March added, will be the railroad engineers sent there this spring for special railroad work. March was unable to say definitely when these would be withdrawn.

Fifty thousand recruits for the army of occupation have been obtained. General March, chief of staff, announced today that incomplete reports showed 48,923 men enrolled. Three year enlistments continue to predominate over the one year.

DECLINE TO CALL OFF WALK - OUT

WINNIPEG, June 7.—Despite pressure from union men representing the faction demanding a settlement of the Winnipeg general strike, the central strike committee declined this afternoon to call off the sympathetic walkout notwithstanding intimations that such action probably would lead to adjustment of the general labor controversy. W. E. Barker, chairman of the conciliation committee of the railroad brotherhoods announced today that indications were that no settlement could be brought about before next week. The brotherhood executives obtained settlement proposals both from the metal trades council and the industrial employers, with the federal, provincial and municipal governments, solidly behind them, insisted that peace cannot come until the sympathetic strike—the leading symptom of the one big union problem—had been repudiated.

Winnipeg was orderly today, thanks to the activities of more than 2,000 returned soldier constables. There were no payades aitho union men again protested that Mayor Charles F. Gray withdraw his proclamation prohibiting such demonstrations. The only gathering of importance was a strikers' mass meeting at which the mayor was the leading speaker.

Mayor Gray denounced the sympathetic strike of city employees and the efforts of the union leaders to control the Winnipeg food supply. He insisted that he was a friend of labor, as warm a friend of honest union labor as he was a bitter enemy of anarchy and Bolshevism.

QUASH INDICTMENTS AGAINST 52 I. W. W.

WICHITA, Kans., June 7.—Judge John C. Pollock of the United States district court today quashed the motion to quash the five indictments pending against 52 alleged I. W. W. held in Kansas jails.

The motion was made by George F. Vandever, counsel for the I. W. W., in the regular March term of the court. The questions at issue included the matter of stating the venue of the indictment, the validity of the conspiracy act and the right to seize certain property of the I. W. W. as evidence.

District Attorney Fred Robertson stated he would endeavor to have the men re-indicted and thus forestall their release from custody and permit the government to go ahead with its prosecution of the defendants for alleged unlawful acts which include sabotage, harmful war-time activities and plotting to overthrow the United States government.

WALKOUT TO TAKE EFFECT WEDNESDAY

Affects Western Union, A. T. & T., and Postal Companies

(By The Associated Press.)
CHICAGO, June 6.—A nationwide strike of telegraph and telephone operators who are members of the Commercial Telegraphers Union of America was ordered today to take effect next Wednesday at 8 a. m. Standard time. The order was issued at general headquarters of the union here on telegraphic instructions from S. J. Konekamp, international president who was in Pittsburgh on his way to Chicago.

The strike order is declared effective against employees of the Western Union Telegraph company, the American Telephone & Telegraph company and Postal Telegraph and Cable company with its associated institutions.

It was elected at headquarters here that the strike would affect between 60,000 and 100,000 individuals of whom nearly 25,000 were said to be members of the union. Outside of the union ranks, it was said, many workers had pledged themselves to support the strike.

The decision to call a nationwide strike was reached by President Konekamp after spending several days in Washington where he had directed a strike of union employees in ten southeastern states. That strike had followed a strike of telephone workers in Atlanta where telephone employees were said to have been discharged because of union affiliations.

Accompanying the strike order were lengthy instructions to members employed by concerns not affected by the order were instructed to aid in making the strike effective. This, it was explained meant that such employees of other concerns would refuse to handle telegraph and telephone messages classed as commercial business.

Canadian members of the union it was said, would refuse to handle any commercial business originating in the United States or directed to any point within this country.

Telegraphers also would refuse to handle commercial business it was declared.

President Konekamp had declared weeks ago that Postmaster General Burleson who had taken over control of the wire system, had refused to grant the employees increases in wages demanded and that unless the union was recognized and the men given relief from the high cost of living a strike would be inevitable.

Electric Men to Go Out.
Pittsburgh, June 7.—Telephone operators thruout the United States and electrical workers, who are members of the Commercial Telegraphers' Union of America, will go on strike June 16, in connection with the strike of telegraph operators ordered for next Wednesday, according to announcement made here tonight by S. J. Konekamp, international president of the union. When informed that the official strike order for telegraphers had been issued from Chicago headquarters of the union, Mr. Konekamp said:

"We will win the fight."
"The strike of commercial telegraphers, scheduled for Wednesday, will determine whether we will win the fight."

SUFFRAGE ENTHUSIASM

Illinois suffragists are making
an especial effort to have this
state win honors as the first to rat-
ify the Anthony equal suffrage
amendment. The bill has already
been prepared to be brought up
Tuesday and is said to have suffi-
cient support to make its passage
easy. Governor Capper of Kansas
is such an enthusiastic supporter

of suffrage that he is about to call
a special session of the legislature
of his state to pass upon the mat-
ter and it is said he will do so
if the poll he is now taking shows
for a certainty that the bill will
pass.

BOY SCOUTS WILL
TELL OWN STORY.

In accordance with a country-
wide plan, Boy Scouts will speak
at the churches of Jacksonville to-
day. These lads will tell briefly
something about the purposes of
the Boy Scout movement, more
particularly facts about the meth-
ods used. These boys are in posi-
tion to give direct testimony as to
the benefits of the Boy Scout
movement and no doubt the na-
tional executive committee in ar-
ranging for their appearance re-
alized that the Scouts would serve
as "exhibits A, B, and C," as they
say in law suits, to prove the bene-
fits from "scouting." Every boy
before becoming a Scout makes
this promise:

"On my honor I will do my best:
1. To do my duty to God and my
country, and to obey the Scout
law. 2. To help other people at
all times. 3. To keep myself
physically strong, mentally awake
and morally straight."

This is certainly quite a com-
prehensive constitution for order-
ing the life of a lad. Go to church
today and listen to the Scouts tell
about the movement which they
find of such great interest and
value.

MUST WAIT FOR
DAYLIGHT SAVINGS REPEAL.

Down at Washington senators
and congressmen are said to favor
a repeal of the daylight sav-
ing bill. However, they believe
that certain unfortunate com-
plications would follow if a law were
passed to take effect soon instead
of October as originally decided.
So it is likely that those who find
the daylight law inconvenient will
be compelled to make the best of
it for the next three or four
months. That will not be so hard
if the assurance is given that the
longed for relief will come in Oc-
tober.

FOR PROTECTION
OF CAR OWNERS.

That Missouri law for the pro-
tection of automobile owners—
that is to lessen the danger of
stolen cars—sounds like an effec-
tive measure. Every owner of a
licensed car when he sells it must
go before a notary together with
the purchaser and make official
record of the transfer. Thus a
bill of sale will be executed.
The possession of a car by some-
one other than the original own-
er and without a bill of sale will
be taken as prima facie evidence
that the car has been stolen. If
they keep on with these measures
there will be as much red tape
about selling a car as there is a
piece of real estate. But the laws
are needed.

JOHN BULL AND
THE PACKERS.

Great Britain, the dispatches
say, is seeking the aid of New
Zealand in a co-operative move-
ment to lessen the hold that Amer-
ican packers have on the meat in-
dustry. Unless the English gov-
ernment is more successful than
the U. S. the passage of time will
still show the packers controlling
the situation. And it must be said
for the packers that notwith-
standing all the "investigations"
of their doings nothing has been
unearthed to indicate an unreas-
onable profit. The big sum total
of their earnings seems to be the
result of a small percentage of
profit on a great bulk of business.

THE PREVAILING SPIRIT.

A number of the team owners
of Jacksonville have signified
their willingness to furnish men
and teams at different times for
street improvement work without
cost to the city of Jacksonville.
This will mean a very distinct con-
tribution to the funds of Jack-
sonville, for the life of a man and
team is \$6 or \$7 per day. The
action of the team owners men-
tioned elsewhere and their state-
ment about what may be expected
of the prevailing spirit in Jack-
sonville—the desire to serve and to
make Jacksonville physically a
cleaner and better city.

MAKING LAW
OBSERVANCE POPULAR.

It is often said that the people
get just as good a government as
they demand; in other words,
community spirit can control any-
thing it desires.
The present city administration
seems to realize this and the of-
ficers of the city seem to be trying
to take the citizens of Jack-
sonville into partnership with them
by asking the citizens to cooper-
ate.

A month ago, the public was

talking of the lawlessness of the
automobilists and the public had
a right to talk. But the Chamber
of Commerce interested itself and
the Community Welfare League
is now in process of organization.
Even the talk created by the pro-
posal of such an organization has
made a wonderful change in the
conduct of those automobilists
who had seemed to have lost all
sense of responsibility when run-
ning on the asphalt streets.

Here are instances to show
how easily public sentiment can
control when it interests itself.
Two ladies sat on a porch one
Sunday afternoon, and saw auto-
mobilists racing. The informa-
tion was telephoned to the police
department; by the time the au-
tomobilists got to the square, the
police were there to receive them
consequently that meant police
courts and fines. Three automo-
bilists were speeding on South
Main; they were reported in a
like manner. The other day a
citizen reported a group of young
people speeding on South Main;
the information was telephoned
to the police department, giving
the numbers. The police depart-
ment has the numbers and cor-
responding names of all automo-
bilists. It was found the young
man lived in the country. He was
telephoned to and promised to

Rippling Rhymes

HIGH PRICES

The prices still are higher than
any thrifty buyer can meet with-
out a sigh; and when I make a
payment for groceries or raiment,
I think I'd like to die. To earn
my meager dollars I wilt down
many collars, and toll like old
Sam Hill; what wonder I'm dis-
gusted if week-ends find me busied
when I have paid my bill? They
say we ought to pick the dim-
and groat and nickel, against the
rainy day; but when we've paid
the baker, and squared the under-
taker, there's naught to put
away. I stand around doggoning;
my savings bank is yawning; there
are no nickels there; in spite of
all endeavor it seems that I will
never have fifty cents to spare.
When I have paid the grocer the
world seems that much closer to
my cheap cottage door; when I
have paid the hatter I feel it
wouldn't matter if I should
breathe no more. When I have
paid the shoeman, I say, "No be-
ing human could stand the stress
and strain," when I have paid the
plumber, his bill, which is a hum-
mer, gives me an oblong pain. And
yet we keep on striving, still hust-
ling, still surviving, and hope to
see the day when one may heed
the sages, and take some from his
wages to put in brine away.

have staked out the foundations
and will proceed at once with the
work.

DEATHS

Phillips.
Mrs. Mary Lucinda Phillips, wife
of Howard Phillips, residing
four and one half miles north of
Franklin died at the family home
Saturday morning at 6:29 o'clock
after an illness of five months.
Deceased was born in George-
town Ill., July 16, 1867. She
was united in marriage to Mace
Clayton 33 years ago. They were
the parents of one child Mrs. El-
mer Loferty of Miami. Her first
husband died many years ago and
she was again married in 1889 to
Howard Phillips of the Franklin
neighborhood. They were the
parents of six children as fol-
lows: Mrs. Clifford Parks of
Miami, Earl, Roy Phillips of
Beardstown, Edith, Maude and
Herschel at home. One child
died in infancy. She also leaves
two sisters Mrs. Bessie L. Phelps
Lawton, Okla. and Mrs. Josie
Maniott, Cashion, Okla.
Mrs. Phillips was a member of
the Cumberland Presbyterian
church uniting with that body
when quite young. She was
faithful in her worship and a wo-
man highly regarded in the com-
munity in which she lived.
Funeral services will be held
from the Methodist church in
Franklin Monday afternoon at 2
o'clock in charge of the Rev. W.
H. Miller, with burial in Frank-
lin cemetery.

Barber.
Miss Catherine Louise Barber
died at the family home, 623
Henry street at 8:25 o'clock Sat-
urday morning.
Deceased was the daughter of
Bert and Leona Marshall Barber
and was born in Nortonville March
17, 1915.

Besides her parents she is sur-
vived by the following brothers:
John Edward Barber, Willard Al-
fred Barber and Fletcher Franklin
Barber of Jacksonville. She also
leaves the following half brothers:
George Sperry, Arenzville; Leland
Sperry and Russell Sperry, Jack-
sonville.

Arrangements for the funeral
have not been made.

OSAGE ORANGE PICNIC.
All friends of Illinois College
are invited to bring their lunches
to the campus Monday between
5 and 6 o'clock. Disorganization
of telephone lines this week has
made any general planning of
picnic groups difficult. Pack your
baskets, join your neighbors and
come. Free coffee will be served
by the college, and a caterer will
furnish ice cream.

PLAYGROUND EQUIPMENT.
The much desired shoot the
chutes for Duncan park arrived
and much enjoyed by the chil-
dren yesterday and was put in place
dren. The two first ward play-
grounds will be put in order as
fast as possible and it is the ear-
nest hope that all will be agree-
able and pleasant there.

ALEXANDER

Mrs. May Flynn of Chatham,
who has been visiting relatives in
Alexander, returned to her home
Saturday, accompanied by her two
children, who have also spent
some time here.

Mrs. James Ledford, Mrs. Rose
Ludwig and John Wiegand were
among those who spent Saturday
in Jacksonville.

TWO COLORED OFFICERS
WITH FINE RECORDS.

Two colored gentlemen are in
the city today and both have re-
cords of which they may be par-
donably proud.
Lieut. W. L. Hutcherson of the
state of Virginia, is a guest of the
Home Sanitarium and will prob-
ably locate here. He was a mem-
ber of the 366th company, 92nd
division, all of which was colored
the only division of its kind in the
American army abroad. The ar-
tillery, signal corps, medical,
quartermaster and all were
African and they had a history
which will compare favorably
with that of any organization that
went over the seas. The 92nd
was one of the seven divisions at-
tacking Metz when the armistice
was signed. They also took part
in the Argonne, Vosges, Mar-
bache and other drives and at all
times conducted themselves as
true soldiers.

Lieut. Hutcherson was for some
years assistant financial secretary
of Tuskegee Institution and so-
lited funds in Illinois, Iowa and
Minnesota. He was married Dec.
26, '17 to Miss Avannia Walden,
a graduate nurse of the Home
Sanitarium. He is especially
anxious to organize a company of
reserve militia in this city among
the colored people and hopes he
will accomplish it. He is worthy
of all possible assistance.

The other visitor is Col. Otis
B. Duncan of Springfield where
for many years, when not in the
service, he has been connected
with the office of public instruc-
tion. He was with Mr. Inglis,
Capt. Freeman, and now Mr.
Blair.

He entered the service in 1912
in the 8th regiment national
guards. He enlisted in the army in
July '17, in 370th regiment. The
He enlisted in the army in July
'17 in the 370th regiment. The
whole regiment was colored from
Colonel down and was the only
colored regiment in the national
guard in the country. The regi-
ment was placed in a French
command to replace a French
regiment and was in the division
commanded by Gen. Magnin.
They were in the struggle at
Oise Aisne where for 14 days
they confronted the center of
Gen. Hindenberg's salient and
drove them back. They were in
battle daily till Nov. 11.

Col. Duncan was Lieut. Col.
and commanded a battalion that
crossed the Belgian border Nov.
11. Their colored colonel, Den-
nison of Chicago, was much of
the time incapacitated and Col.
Roberts of Springfield took his
place. The regiment received
more than thirty decorations for
bravery and nearly seventy Croix
de Guerres.

PROGRAM FOR THIS WEEK

MONDAY

CATHERINE CALVERT

—in—

A MARRIAGE FOR CONVENIENCE

A gripping society drama in 5 parts. Stunning
gowns, exploited as "made in America" are worn
by Miss Calvert with all the grace and appeal of a
fashion shop model during the action of the play.

TUESDAY

ALICE BRADY

—in—

"RED HEAD"

Redhead, Redhead, Gingerbread Head — red
haired Dazie heard this everywhere she went. She
didn't care. She was happy. But when her hus-
band insulted her because of her Titan locks she was
hurt. There's a difference in being teased by your
friends and insulted by your husband.

WEDNESDAY

PRISCILLA DEAN

—in—

"THE EXQUISITE THIEF"

She burned the midnight oil thinking up new
methods of relieving the rich of their wealth. She
studied not the books of knowledge but the text of
crime.

THURSDAY

Extra Special Extra Special
"BREAK THE NEWS TO MOTHER"
Founded on the Famous Song by
Charles K. Harris
(Not a war picture)She smiled — and the birds sang and the sun
shone for him; she frowned and life was not worth
living. She was his ideal—his mother.

are mere mockery and
where eyes and soul
must see.

A picture that cost
\$250,000 to produce
and every dollar of it
shows on the screen. A
wonder drama set in the
mysteries of the Orient.
Nazimova astounds
with the cleverness with
which she plays a dual
role—that of a white

MARGUERITE CLARK

—in—

"Mrs. Wiggs of the Cabbage Patch"

A PARAMOUNT PICTURE

"Mrs. Wiggs of the Cabbage Patch" shows Marguerite Clark
at her best—as the lovable, comical little lady who is "al-
ways trying to do things for other people."
We won't go into a lengthy dissertation concerning the story's
tremendous stage popularity—although we could!—but we'll
just ask you to come, and see if you don't agree with us
that Marguerite Clark in "Mrs. Wiggs of the Cabbage Patch"
is the best picture for many a long day.

MAVERICKS

Only TWENTY-TWO days in which to do your shopping.

We never realized the expression, "mere man" until we attended the annual breakfast of the Woman's Club yesterday.

We used to laugh at people who were vegetarians. Now we look upon them with envy and wish we had joined the cult before present meat prices struck us.

In our opinion about the worst punishment the dregs could inflict upon the wets would be to let them continue to drink the kind of beer that is being manufactured at the present time.

They celebrated Hank Gowdy day in Chicago last Friday. However, "Buck" Herzog, second baseman for the Boston Braves stole all of Hank's thunder by bombing Hendryx for the only run of the game, when he hit for the circuit in the ninth inning. The worst of it is that "Buck" wasn't even in the army.

The sublime courage and faith of the men and women who founded Trinity church should surely be an inspiration to the congregation of the present day.

Throw Us a Life Line Over in Beardstown they had a contest last week. Theater goers were asked to decide by ballot which is the greater actress, Norma Talmadge or Nazimova. As if there were any comparison between the consummate art of Nazimova which runs the gamut of human emotions and the picture screen art of Talmadge.

We don't want to horn into Peoria's local affairs but we would suggest that after July 1, it would be appropriate to call it the Melancholy city instead of the Distillery city.

Over in Pike county they write poetry about boils. About the only word we know of that would rhyme with anything pertaining to a boil would be "well."

The night man at the municipal light plant went to sleep the other night and let the street lights in the residence section burn until after 2 o'clock in the morning. Just as we began to think we would have lights to get home by we woke up and shut off the juice and we walked home in the dark.

After July 1 what excuse will a man who takes his wife to the theater have to offer for going out between acts.

The delegates to the convention of the Illinois Federation of Women's clubs held last week in Peoria had a banquet at which men were barred from sitting at the banquet tables, tho they were allowed to see the affair from the gallery. We don't see any equal suffrage about that move.

We suppose So. Sir J. Purves-Stewart, senior physician of Westminster hospital in England says that what is known as shell shock is really "Molecular abnormality of the nervous system characterized by abnormal reactions to ordinary stimuli."

Evidently objection from practically all of the principal cities in the state had but little effect on the legislature as in both the house and senate last Wednesday an amendment to the utility commission law to give cities control of local utilities was tabled. And then as if that were not enough a bill was introduced to increase the membership of the utility commission from five to seven members which will add two more fat jobs for the governor to give out.

And speaking of those jobs we know of several gentlemen who are in a receptive mood, among them Commissioner Spaulding of Springfield.

I. S. D. STUDENTS AT COLLEGE

Rev. Philip Hasenstab who gave the commencement address at the School for the Deaf last Tuesday is one of the many graduates of the local institution who have attended Gallandet College at Washington, D. C.

Mr. Fred Schoneman took his degree at Gallandet and was afterward employed there. Later he taught successfully for several years in the State School for the Deaf at Salem, Ore. He resigned that position to become one of the supervisors of boys in the school here and is at present serving most acceptably in that capacity.

Wallace Gibson was graduated from that college in 1918 and now holds the position of chemist to the Western Chemical Co., Denver, Colo.

Robey Burns and Forrest Peard are seniors in college this year. Their work here was excellent and they are remembered very pleasantly by both faculty and students here.

Ladislav Cherry, who was valedictorian of last year's class, is making a brilliant record at college. He came to this country from Poland when a lad of seven years and so uses with ease the language of his native land. In addition to that he both speaks and writes English freely.

AUTOMOBILES SUPPLIES ACCESSORIES

Dere Bill:

I was much pleased with an advertisement of Automobile tires I saw the other day. I had been passing many enormous board notices, gaudy in hue, striking in design, and each claiming superlative merit for their tires. "Buy Live-For-Ever Tires! They last like steel! Don't wait! The best of all tires, they last forever!" So the striking advertisement vibrated thru the landscape.

Then the simple announcement—"United States tires are good tires"—just that. You can't imagine how restful it was. Immediately a solid sense of satisfaction came over me—"Good Tires."

No need to bluster and howl, no need to run down competitors, "United States tires are good tires." I wanted to buy some at once. Those are the tires for me hereafter—"Good tires."

Ah, when will people learn the delicious value of quiet, self-respecting simplicity?

Yours truly, JACK.

TEAM OWNERS JOIN IN PATRIOTIC WORK

Inaugurate Movement to Help Put City's Earth Streets Into Better Condition.

A number of team owners met Saturday afternoon at the Farrell & Co., bank with Mayor Crabtree, Aldermen Flynn, Cain, Elbie and Williamson and Supt. of Streets White. The team owners present were Roy Fernandes, representing Fernandes & Son, Carl York, representing York Bros., Ralph Withe, representing John Cherry. Messages were sent by Benjamin Cohen and James McBride that they were unable to attend but would be willing to join in any action taken.

The purpose of the meeting was to discuss the plan of getting the team owners of Jacksonville to show their loyalty and interest in their city by doing work on the streets of Jacksonville without cost. The movement was really started at a recent meeting of the council when Simeon Fernandes suggested that because of the financial condition of the city and the great need for work on some of the unpaved streets that he would be willing to furnish a team or two probably for several times a week to help put the streets in better condition. This offer was indicative of the generally helpful spirit which now seems to pervade Jacksonville and the council was not long in taking advantage of the proposal.

The conference was called yesterday and the team owners present readily acquiesced in the plans. Roy Fernandes was appointed chairman and it is the understanding that the team owners will take the matter up in a general way with other team owners in the city, asking them to take some part in this patriotic "to prove the streets" campaign. It is the thought that if all team owners will merely make a small contribution of time that the sum total will be sufficient to put the streets into much more passable conditions. It will be the idea of the committee to notify Supt. of Streets White each evening of the team or teams which will be available for the following day. Mr. White will then be able to plan for the work. It is his wish to put the scraper into service at once and when this is done, one or more teams in addition must constantly be used.

It is not expected that the team owners will take their men and equipment off of other work to put them on the city job, but fill in the extra time in this very laudable way.

Another meeting of the team owners committee will be held at an early date this week and at that time the matter will be laid before others in the city, with the expectation that there will be general and hearty cooperation.

FIVE DOLLAR PRIZE FOR BOYS AND GIRLS

On page eleven of this issue appears an advertisement of an offer made by the Calumet Baking Powder Co. which will certainly interest boys and girls. The company is offering a cash prize of \$5 for the best answer to the query: "Why Mother likes Calumet Best." Answers must be in fifty words or less and the contestants must be boys or girls in or under the eighth grade.

Calumet Baking Powder is so universally used that thousands of boys and girls as well as their mothers, know something about its merits and the children have a theme that is not new to them. Contestants should address their answers to the Journal office and remember that the contest closes June 16. The company will award the prizes very soon after that date.

Mr. and Mrs. R. E. Duckett and two children of Chicago, and Mr. and Mrs. Wilbur Anderson, of Kansas City, are visiting at the home of Mr. and Mrs. Albert Duckett, 405 Sandusky street.

A. F. Dowdell, of Carrollton, Ill., has taken a position with the Prest-O-Lite Battery Co., and will make this city his home in future.

INQUEST IS HELD FOR MRS. SLATER

Jury Returns Verdict in Inquest of Woman Killed by Train.

The jury empaneled by Coroner Rose to inquire into the death of Mrs. Ida Slater who threw herself in front of a Wabash freight train Friday afternoon met at the undertaking parlors of W. W. Gillham Saturday morning.

The jury was composed of John J. Reeve foreman, W. T. Reaugh, John Hodgson, E. M. Henderson, L. F. O'Donnell and W. H. DeShara clerk.

The testimony of Mrs. Belle Fanning, Miss Emma West, C. M. Meats, Ed Sarsfield, S. F. Springer and Dr. A. H. Dollear was heard. The testimony brought no new facts in addition to those given in the Journal Saturday morning.

After hearing the evidence the jury returned a verdict that the deceased came to her death by "being run over by train No. 96, engine No. 2329 East bound about 2:40 p. m. on June 6 about one-half mile west of the city limits. The evidence shows that she intentionally and deliberately threw herself in front of the engine. We find that there is no blame to be placed on anyone for her death."

VISITOR FROM TEXAS

G. E. Chambers, who is identified with the Two Republics Oil & Gas Co., of San Antonio, Tex., is in Jacksonville on business with A. J. Hoover. Mr. Chambers, who was formerly a banker, has for some time been engaged in the oil business in a very successful way. He and Mr. Hoover are long time friends.

grievances of long standing can be remedied by force," he continued. "Peaceful means of adjusting our grievance have been sought for nearly a year now but we were told by certain government agencies in Washington that we could not get justice because our situation was not sufficiently acute."

Mr. Koenekamp said the postmaster general had acknowledged that "we are underpaid," but he charged that Mr. Burleson has "reduced our earnings" by lengthening the hours of night duty and abolishing time-and-a-half Sunday overtime. He also charged that the men discharged by Newcomb Carlton, president of the Western Union, for membership in the union have not been reinstated, as promised by Mr. Burleson.

"Now Mr. Burleson turns the management of the Western Union back to Mr. Carlton, while these men Carlton discharged are still waiting for Burleson to keep his word," the president said. "We are not opposed to settling our disputes peacefully, but with Burleson and Carlton of the same mind, anyone can imagine what chance we have of reasoning things out along modern lines."

ISSUE INJUNCTION IN TOLEDO STRIKE

TOLEDO, O., June 7.—Declaring the industry had been obstructed by "riots and disorderly conduct and intimidation," John M. Killits, judge of the United States district court late today issued a temporary injunction restraining the auto trades council, machinists local, their members and labor leaders from interfering with workers or in any way hampering operation of the automobile plant of the Willys-Overland company.

The injunction is effective at 10 a. m. Tuesday, June 10—at which time it is believed the plant will be re-opened under armed guard and a reduced number of labor pickets.

The plant has been idle nearly three weeks. It was opened for one day this week but rising in which two were killed and nearly a score injured caused its closing again.

FINDS DAUGHTER WHOM HE HAD NEVER SEEN

OMAHA, Neb., June 7.—E. G. McNeal of Des Moines, has found his 26 year old daughter whom he had never seen. He came to Omaha last January to start a Belgian campaign in Nebraska. Last night as he sat in a restaurant he began to wonder where he had seen the waitress who was waiting on him.

"Where did I ever see her before?" he asked himself.

The waitress was his daughter whom he had never seen.

WEDDING CEREMONY IS INDEFINITELY DELAYED

Nuptials of Miss Anne Elizabeth Andrews and Edward Warfield Brown Announced for Saturday Night Did Not Occur — Mrs. Andrews Made Statement.

The announcement that the wedding of Miss Anne Elizabeth Andrews of Evanston to Edward Warfield Brown of this city has been indefinitely postponed will come as a great surprise to the friends of Mr. Brown here in the city. Details are not known here the only information available being in Associated Press dispatch from Chicago which quoted Miss Andrews' mother as stating that a "calamity" had caused the postponement. Mr. Brown went to Chicago last Monday and it is understood here that he has been ill for several days. The Associated Press dispatch said:

Announcement Made.

Chicago, June 7.—Indefinite postponement of the wedding set for tonight of Miss Anne Elizabeth Andrews of Evanston and Edward Warfield Brown of Jacksonville, Ill., was announced tonight by the young woman's mother. Mrs. Andrews said the postponement was the result of a "calamity" and that it was also due to the illness of Mr. Brown. The wedding was to have taken place at the First Methodist church of Evanston and the invitations had also been issued for a reception at the North Shore hotel, following the ceremony.

"The Evanston church had been elaborately decorated for the event and the hotel management had made extensive preparations for the reception. The announcement of the postponement did not come until Saturday afternoon. Because of the social prominence of the two families most interested in the announcement of course occasioned something of a sensation."

COLLEGE JUNIORS GAVE ORATIONS

The annual junior oratorical contest took place in the Jones Memorial building at Illinois college Saturday night. Dr. Luepcke, class officer presided and there were four orations. The decision of the judges was in favor of Emil Wells, who discussed in a very strong way "Patriotism Old and New."

The other speakers were Joel Crouch, "Our Next Step," Henry L. Best, "The Spirit Unconquerable," Jasper Underwood, "The Silver Lining."

All the orators were well given and indicated careful and constructive thought. The judges were Dr. E. B. Landis, Dr. David W. Reid and Carl E. Robinson. The winner in addition to receiving the Hall prize will represent the college in the intercollegiate oratorical contest.

DRUMMERS ARE WANTED

The Patriotic Drum Corps will have a part in the Home coming parade July 4 and it is desired to secure as many men with drum and life as possible for that day. Any Morgan county resident who has a drum or plays a life and is willing to take part in that parade requested to communicate with Charles Desilva. It is believed that there are enough "drummers" thruout the county to form several temporary drum corps. There will be at least four bands in service that day and it is desired to have at least three or four drum organizations.

JUSTICE COURTS

In Squire Coons' court Saturday John F. Willets appeared to answer to a charge of auto speeding and was fined 10 and costs. In the same court a fine of \$3 and costs was made against Arch Noric on a charge of abusive language.

John Lane and Dick Reynolds who went to Chicago Wednesday to be members of the wedding party, are expected home today. Mr. and Mrs. Edward Brown and Mr. and Mrs. Marcy Osborne were also in Chicago for the wedding event.

TAFT THINKS SENATE WILL APPROVE LEAGUE

ALBANY, N. Y., June 7.—Former President William H. Taft tonight ended a speechmaking trip of several weeks in the furtherance of the ratification by the United States of the league of nations covenant. At a meeting held under the auspices of the league to enforce peace of which he is president, Mr. Taft said he did not doubt that the great majority of the people of the United States and the needed majority of senators would approve the league.

He warned business men especially to examine with closest scrutiny and care the arguments against the covenant of the league of nations and its inclusion in the peace treaty. Because, he declared if any substantial amendments were made by the United States senate to the treaty and they were not subsequently ratified by the other signatories, the United States would be in a state of war with Germany while Germany would be at peace with the other nations and in a position to trade with them.

Philadelphia, June 7.—The National Woman's Trade Union League convention adjourned tonight after adoption of numerous resolutions, one of which calls upon the government to "intercede to have the blockade lifted against Germany and Russia as an act of simple mercy and justice."

Washington, June 7.—There will be no training camps for civilians and reserve officers during the summer, the war department today advised. Charles B. Pike, chairman of the military training camps association, giving lack of funds as the reason.

The Master Man

The most desirable trait in man is mastery. And the most essential mastery is mastery over ones self. If you compel yourself to save a little something out of every bit of money you get, you are developing character in one of the best ways. Don't let yourself go at loose ends. HAVE A SAVINGS ACCOUNT AND STICK TO IT FAITHFULLY. Happiness and contentment are its fruits.

MRS. OTTO F. BUFFE HEADS WOMAN'S CLUB

Was Chosen President at Election of Officers Held at Annual June Breakfast—Reports of Officers and Committee Chairmen Made.

Mrs. Otto F. Buffe was elected president of the Jacksonville Woman's club at the annual June breakfast held in Grace church Saturday.

The breakfast marked the twenty-second year of the organization of the club and the reports made by the various officers and committee chairmen were of an informing nature and served to show that its affairs are in a most prosperous condition.

Covers were laid for 175 and most of the places were filled. This despite the fact that telephones have been out of commission in the homes of many of the members and they could not be reached. The breakfast was served by Mrs. A. E. Williamson's and Mrs. Ben Lurton's circles of the church and was of a quality and the excellence of the service such as brought forth many compliments.

Mrs. Miller Weir, president of

the club, called the company to order and announced a group of songs by Mrs. Sara Jane Matthews Brown, with Miss Duncan as accompanist. Mrs. Brown was in excellent voice and sang "Auld Wishes for the Clothes of Heaven," "Clyde Van Fogel," "To A Wild Rose," by McDowell, and "Morning," by Oley Speaks. Her numbers so pleased that an encore was demanded and graciously given. The invocation was given by Mrs. J. Marshall Miller, corresponding secretary of the club.

In opening the afternoon program Mrs. Weir stated that the exercises would not be long as they had no formal speaker. Reports would be received and officers elected.

"I have no formal address to give this afternoon," said Mrs. Weir, as all was said at the February meeting. "I only wish to say a few words before turning over the badge of office to my successor."

"I can think of no greater honor that could come to any woman in Jacksonville than to be chosen as head of the Woman's club. I wish to express by appreciation of the loyal support given me by the officers and committees of the club."

The standards and ideals of the Woman's club have always been of the highest and best. Its policies have always been wise and just. These things have come to be realized by each successive board and I believe that the incoming president and officers will strive to maintain this high standard and these ideals in the future.

The minutes of the last regular meeting of the club and the minutes of the executive board meeting were read by Mrs. W. D. Doying, the secretary and were approved as read.

In making her report as treasurer Mrs. J. K. C. Pierson told of the trials and tribulations experienced by herself and assistant treasurer, Mrs. George S. Rogers. Mrs. Pierson's report contained many things of interest to the members. Among other things was the report on membership which at this time is 331. She also told of the various contributions the club had made to war activities and it made it evident that the club has had a large influence for good in the community the past year.

Urges Public Service Work Mrs. David Reid made the report for the Health and Home Defense committee. Mrs. Reid said that the work of the committee had developed largely the past year into a campaign for the health and well being of local citizens. All supplies had been collected and sent out on urgent appeal. The committee had worked in conjunction with the health authorities and Miss Coale and Miss Ryman.

The speaker urged the need of more members becoming interested in philanthropic work whether or not they were members of the health committee. Speaking of the members who had been engaged in war work Mrs. Reid said that it had proved the highest plane on which women could meet and it had resulted in a better understanding between the women of the community. Public service is the highest type of service and she hoped that the members would carry the spirit shown in war work into social service work of the future.

Mrs. Lurton in Humorous Vein Mrs. Ben Lurton reporting for the Education committee said that such a committee seemed superfluous in a city that boasted of all the fine colleges and good schools that Jacksonville has. Mrs. Lurton referred humorously to the efforts of the committee to have Wallace Reid address the club at the various postponements because of the influenza and other unforeseen causes.

Then when it was finally decided that Mr. Rice should appear at the February meeting, Mrs. Lurton said she was taken ill of tonsillitis and could not talk. "This," said Mrs. Lurton, "was fortunate for my husband, but rather bad on me as I was supposed to introduce the speaker. However, I was able to get Mr. Horace H. Bancroft to do this which he did in a much more capable manner than I could have done."

Mrs. Vorce Bassett for the art committee reported various activities, among them the address by Dr. J. F. Langton who told the club members of the Cathedral of France. Other things were mentioned that made for better things in the life of the club members.

Mrs. T. J. Pitner made an interesting report on the district meeting held in Beardstown. Mrs. Pitner spoke of the high ideals expressed in the addresses and paid a compliment to the woman's club of Beardstown for the excellent entertainment given visiting delegates.

Mrs. Clyde Singley for the membership committee reported an addition of 23 names to the membership roll during the year despite the fact that but few meetings were held.

Mrs. Abe Wehl reported for the music committee. In making her report Mrs. Wehl referred to a number of articles who were to appear at the meetings during the year and who were not able thru the influenza epidemic or thru being released by the club for other engagements. Mrs. Wehl told of the disappointment of the club in the singer for their annual concert and how Mrs. Wilson had been able to induce Arthur Middleton to come for the concert. The concert was a success from a financial standpoint and Mrs. Wehl said she believed it one of the best from an artistic viewpoint ever given in Jacksonville.

Miss Sieber for the house committee reported that the committee had performed all the duties assigned to it, among them, the decorations for the meeting of today.

For the executive committee Mrs. Florene said that letters had been sent to members in trouble and that the committee had worked faithfully to carry on its work.

Mrs. Harry Cully, a faithful member of the club, was reported ill and on motion of Mrs. Pierson the club, called the company to order and announced a group of songs by Mrs. Sara Jane Matthews Brown, with Miss Duncan as accompanist. Mrs. Brown was in excellent voice and sang "Auld Wishes for the Clothes of Heaven," "Clyde Van Fogel," "To A Wild Rose," by McDowell, and "Morning," by Oley Speaks. Her numbers so pleased that an encore was demanded and graciously given. The invocation was given by Mrs. J. Marshall Miller, corresponding secretary of the club.

WOMAN'S COLLEGE NOTES

President Harker-left for New York Friday night. An important meeting of the Board of Education is to be held at Wallace Lodge Yonkers, New York. His return is expected Friday of next week.

A number of bankers in attendance at the Conference of the Eighth District, Illinois Bankers' Association, availed themselves of the gymnasium privileges on Thursday of this week. The swimming pool with the tempered water was especially appreciated by the visitors.

The general Exodus following Commencement leaves the following administrative officers and faculty: President Harker and family; Miss Margaret Taylor, Dean, and Miss Anne Lenore Kerchner, Head of the Secretarial Department. These, in addition to the office force, are busier than ever planning for the work of the summer and preparation for the fall and winter.

Miss Eareline Porcher, one of the French girls, has returned from Milton, Illinois, where she enjoyed a pleasant visit with Miss Virginia Johnston. Miss Martha Poon, also from France, is visiting with Miss Mildred Funk in Winchester. These young women expect to spend the summer at St. Louis, going from there to Anderson, Indiana, where they are engaged to teach in the high school.

Miss Margaret Taylor is spending the week end in Chicago.

The following report of the Los Angeles Alumni Association has been received:

"The Ninth Annual Reunion of the Los Angeles Branch of the Illinois Woman's College Association was held Saturday, May 17, 1919, at the home of Mrs. E. Y. Murray. The President, Mrs. Fidelia Wood Duckles presided over a short business meeting. The President told of a recent visit she and Mrs. Guthrie had paid to Mrs. McCauley and Mrs. Ebey, and showed a photograph of the latter sent her by the dear old lady herself. Mrs. Ebey will be eighty nine years of age the fifth of next October, and it was moved and seconded that each member of the Los Angeles society remember her birthday by sending her a post card. The secretary was instructed to send a note of sympathy to Mrs. Rachel Hart Allen who lost her husband during the epidemic of influenza."

A report of the Fellowship Luncheon was given and it was found that after the influenza ban was raised, the idea of having a hostess appointed for each Luncheon had proved a very happy one, as eighteen had availed themselves of the privilege. Among the special guests during the year were Mrs. Conroy of Chicago Mrs. Ferris of Portland, Mrs. G. W. Brown and Mrs. Helen Brown Read of Jacksonville, Mrs. Shafter (formerly Miss Alice Morton) of Jacksonville and Mrs. Guthrie's daughter from the East.

"Mrs. Wood Terry announced that a call had been sent out to all graduates and former students of the Jacksonville Academy and Athenaeum to meet the last Saturday in May for luncheon at Garden Cafe, Broadway Department Store, and one of our number suggested that after their first meeting, they join their forces with ours for the monthly Fellowship Luncheon. An election of officers was held, Mrs. Hugh Harrison, chairman of the nominating committee presenting the name of Miss Helen Kennedy for President and that of Mrs. E. Y. Murray for Secretary and Treasurer. The Secretary instructed to cast the ballot for these ladies. After a few remarks by Mrs. Duckles and Miss Kennedy, Miss Kennedy took the chair. Light refreshments were served and a happy hour was enjoyed by all. Those present were Mrs. Duckles, Mrs. Jess, Misses Ida and Ailsie Goodrick, Miss Kennedy, Mrs. Kennedy, Mrs. Fraley, Mrs. Pendleton, Mrs. Harrison, Mrs. G. W. Brown, Mrs. Justice Read, Mrs. McClelland, Mrs. Harris, Mrs. Best, Mrs. Buckley, Mrs. Guthrie, Miss Hammell, Miss Davis, Mrs. Judson, Mrs. Widenham, Miss Ruth Widenham, Miss Nellie Allen, Mrs. Ferris, Miss Helen, Mrs. Blum, Mrs. Behling, Mrs. Kreider, Mrs. Edith Morgan-Mayes and son, Mrs. Ferris of San Diego and Mrs. Murray. "The Week's Calendar," beautiful souvenirs painted and written by Mrs. Guthrie were presented to each one present."

Saves a Team on the Binder

Cushman Binder Engine

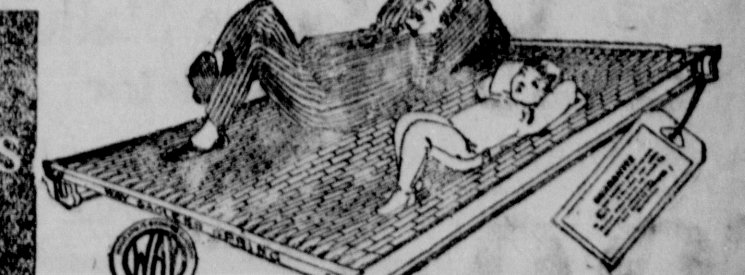

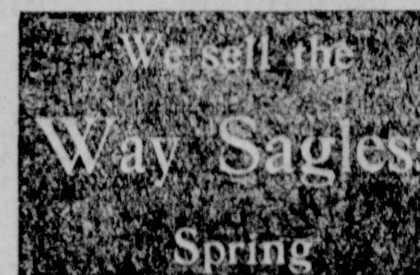

The Cushman 4 H. P. is the one successful Binder Engine. Thousands are in use every harvest. Fits any binder. Engine drives sickle and all machinery. Since horses have only to pull machine, two horses will easily handle 8-ft. binder in heavy grain. In wet harvest Cushman Engine saves the crop, as it keeps sickle going when bull wheel slips. Very important—The weight of the engine on the rear of the binder, only 167 lbs., is balanced by the six cone water cooler on the front of the binder. This balancing, and the water cooling, to prevent overheating on all day runs, are necessary to successful work in a hot field. After harvest Cushman engine does all other work. Very light weight and easy to move around, yet runs more steadily than most heavy engines, because of Throttle Governor and perfect balance. 4 H. P. weighs only 190 lbs.; when stripped for binder only 167 lbs. 8 H. P. only 320 lbs. Also 5 and 29 H. P. sizes.

CHILD WELFARE WORK PROCEEDS IN COUNTY

Work Undertaken in Morgan County is Given Prominence—Permanent Community Council to Be Organized—Child Welfare Truck to Visit County.

At a meeting of the executive committee of the Community Council held at the Public Library Saturday afternoon, Chairman H. C. Woltman presiding, it was decided to at once complete the organization of a permanent council the present organization being only temporary one. It was also decided to employ an executive secretary, to have charge of the work in Morgan county, and Mrs. Sherman Leavitt was chosen for the position. Hugh P. Green, who has been active in Community Council affairs, is stimulating various organizations throughout the county to appoint representatives to the council and these will constitute the permanent council.

To Complete Organization
 Mrs. Leavitt, with the assistance of Mr. Green, will finish up the work of organization and it is hoped to have this completed by July 1. At that date the Child Welfare bureau workers will retire from the field and leave the

work in the hands of the county workers. The work which the Child Welfare committee of the Community Council has been doing in this county has been given wide prominence by Miss Olmsted's addresses in various cities. While the survey is not yet complete, beneficial results are already apparent, and as this is really a model county it is hoped that the work which has been undertaken will be completed in a way which will reflect further credit upon the county.

One of the things which is to be pushed in the immediate future is the establishment of a combination rest room and health center. The county commissioners have already signified their intention to aid in this project and a letter received from State Auditor Andrew Russell yesterday brought the writer's pledge of \$50 toward the expenses of the proposed headquarters.

The National Child Welfare association has proposed to send to this county about June 21 a fully equipped child welfare truck to give demonstrations in the rural districts. It is aimed by the use of this truck to arouse interest and support of a bill which is now before congress providing that any county which agrees to maintain a public health nurse may be supplied with the necessary outfit. The truck is accompanied by a nurse and a woman physician, and Morgan county is fortunate in being the first county in the state of Illinois to be thus visited.

Will Present Car.

The national association has also proposed to present to this county the Chevrolet car which has been in use here by the out of town workers under the direction of Miss Olmsted, provided a permanent organization is effected, to be responsible for carrying on the work which has been begun here.

The principal speaker on Child Welfare at the Morgan county Federation of Women's club meeting in this city June 18 will be Mrs. Featherstone. This speaker made a most favorable impression at the recent Beardstown meeting and she will spend ten days in this section, making Child Welfare addresses at various points in the district. Mrs. Featherstone is employed by the Elizabeth McCormick Memorial fund association in Chicago and her visit will cost the Morgan county organization nothing except traveling and necessary expenses.

The Morgan county survey is to be the subject of an article in the Orange Judd Farmer at some future date. This Chicago publication has sent a representative to this county to secure the necessary facts for a write-up of the local campaign.

UNIVERSITY LIFE BECOMING NORMAL

Great Universities of England, Greatly Depleted by War, Resume Normal Life—Oxford Makes Concessions to Men.

Washington, May 29.—The great universities of England whose student bodies and teaching staffs were greatly depleted by service in the army or in government offices during the war are again filling with students and resuming normal life. This is shown by a letter received here by Lieutenant Colonel J. C. Paine, thorp of the British Embassy from A. L. Smith, Master of Balliol College, Oxford. New schools are being opened at Oxford and plans for greater efficiency are being put into effect, he writes.

According to the Master of Balliol Oxford sent approximately 12,000 of its men to the war or into the government service. Of these 2,394 were killed and 109 were missing. More than 4,000 won honors in the war including 176 Victoria Crosses. The figures of Cambridge University would be about the same the writer estimates.

Student Life Dwindled
 Outlining the services rendered by men of the forty colleges of Oxford and Cambridge, the Master writes that owing to the response for war service, the student life "dwindled to a thread." He adds that "the importance of the response of these two older universities was that it filled up the gap between the destruction of the old Regular army in the fighting of August and September of 1914 and the coming forward of the newly trained territorials in the Spring of 1915. This immediate response to the call of the country and the personal courage and devotion of these young men were a complete and decisive answer to any 'class' jealousy or feeling that the workers were being made to bear the brunt."

"I doubted how many of the men would want to come back," continues the Master. "We are finding that practically every man who possibly can is applying to be taken back, at any rate for shortened courses (lasting on an average of one and two thirds years) and already the colleges are overfull."

The general tone and character of these men is described by Balliol's Master as remarkably high. There is quite as much life and cheerful activity as before the war and a great deal more seriousness of purpose. The Master notes not only a marked improvement in the strength of character shown by the returning students but that they even gained intellectually what they had lost in book knowledge and have more than made up for this loss by the power of coming to the point, and by a sense of reality about their work.

Men Keener to Work.
 This, he concludes, shows that their previous university education was far too foolish and abstract in type and "neglected too much the intellectual effect of beginning things at the practical and concrete end. These returned men are not only keener to work, but they work with more swiftness and directness than before they went out; for, 'as one of them said that you had to do a lot of thinking in the trenches or else your number was soon up.'"

Oxford has made many concessions to these men which the master regards as justified by the showing they now are making in their studies. Formerly nine terms' residence was required to obtain an Oxford degree, now the men who served in the army are excused from half this requirement and from some of the examination requirements. These concessions will enable the majority of them to take their degree and go into the profession only a year or two later than would have been the case but for the war.

"In character and in general intellectual development, they will be better men than they would have been under normal conditions and, in intellectual equipment of knowledge, hardly if at all, inferior," writes the Balliol Master.

TAXICABS TO HAVE NEW COMPETITOR

Paris — Taxicabs are to have a new competitor in the streets of Paris, thanks mostly to the American army. Five hundred sidecars are to be licensed to ply for hire at about twenty cents a mile.

The American army has made great use of sidecars in Paris and their handiness has appealed to everybody of course there is the drawback that a side car can only carry one passenger but official statistics show that between 50 and 60 per cent of taxicabs have only one passenger.

DISCUSS ECONOMIC RAPPROCHMENT

Brussels. — In accordance with the desire expressed by the Paris Conference that the Belgian and Luxembourg governments should discuss the question of an economic and political rapprochement, six delegates from Luxembourg have arrived in Brussels.

WAR NOT ACCOMPANIED BY SMALLPOX OUTBREAK

Paris. — The world war will be held unique in the fact that it has not been accompanied by an outbreak of smallpox. This may be due in part to the precautions taken in urging all Paris to be vaccinated or revaccinated. At any rate more than 1,374,000 persons were vaccinated during the war, and only 56 cases of smallpox were recorded of which 26 were fatal.

AUTO TURNS TURTLE

FIVE ARE INJURED

Mrs. W. H. Mosely of Pisgah Receives Severe Injuries When Automobile Turns Turtle Near A. K. Bergscheider's Residence—Children Badly Bruised.

Mrs. W. H. Mosely of Pisgah received severe injuries and her four children were badly shaken up and bruised when the car in which they were riding turned turtle near the residence of A. K. Bergscheider seven miles east of the city Saturday afternoon.

J. G. Berger and W. R. Heirman of the Berger Motor company and E. T. Sample of Pisgah were near the scene of the accident at the time and they put the injured in their cars and rushed them to Passavant hospital where they were attended by Dr. J. W. Haingrove. Mr. Berger and Mr. Heirman brought one of the daughters Miss Lucinda Mosely and Mr. Sample brought the other daughter and two sons and Mrs. Mosely.

Mrs. Mosely appeared the most severely injured of the party. She was bleeding from the mouth and gave indication of internal injuries. A further examination will be made today. The children only suffered bad bruises and a severe shaking up.

The accident occurred about 6:15 o'clock as Mrs. Mosely and children were returning home, having been shopping here. Miss Lucinda was driving the car. They were going at a good rate of speed when they were passed by someone in a roadster. It is thought that the roadster bumped into the Ford as it passed thus throwing it off its balance and causing it to turn over.

It is said that the party in the roadster looked back and saw the accident but continued on without offering assistance or stopping to see if any one was hurt.

DR. DEWEY REAPPOINTED

Yesterday the board of county commissioners reappointed Dr. Grace Dewey as a member of the Morgan county tuberculosis board. Dr. Dewey has served most efficiently as secretary of the board and has had much to do with the work on the new sanatorium. Her reappointment will be a source of general satisfaction to all citizens.

Camp Fire Girls At Evening Party.

Members of the Tojasovi Camp Fire Girls organization were guest at a barn party given Saturday night by Mary Janet Capps, one of the group. It goes without saying that all of the twelve girls were there and had a delightful time. Mrs. F. J. Meini, guardian, Miss Ruth Bailey, associate and Mrs. H. M. Capps had part in the evening's events. One of the features was fortune telling and Misses Helen and Edith Robinson were the witches who raised the curtain of the future and solved the mysteries of coming days. The big barn loft was appropriately decorated for the occasion and the refreshments were in accord with other details.

Announcement Party at Murrayville.

Miss Lucy Lawless entertained a limited number of guests at her home on Pear Hill farm Thursday afternoon, June 5th in honor of her sister, Miss Ellen Agnes of St. Louis, Mo. A dainty three course luncheon was served and the guests upon finding their respective places also found place cards, much to their surprise, announcing the marriage of Miss Ellen Agnes Lawless, daughter of Mr. and Mrs. J. D. Lawless to St. Arthur Shaw of St. Louis, Mo. Miss Lawless has for the past several years made her home in St. Louis, where she has held a fine position. Mr. Shaw is connected with insurance work but at the present is engaged in Red Cross work in San Antonio, Texas. A most enjoyable time was had by those present at the Lawless home during the afternoon.

ALUMNAE REUNION AT ACADEMY HALL

Alumnae of Academy, Athenaeum and Conservatory Held Reunion Saturday Afternoon—Election of Officers Held—Illinois College Students in Dance Program on Lawn.

The annual reunion of the Alumnae association of the Academy, Athenaeum and Conservatory was held at Academy hall Saturday afternoon at 4 o'clock. There was a large attendance of members and guests, including a number from out of the city. The plans for the reunion were in charge of Miss Carrie Dunlap, to whose untiring efforts is due a large measure of the success of the day. Mrs. Helen Ayers Bullard was chairman of the program committee, Mrs. Edward Bowe the invitation committee and Mrs. Frances Brown the refreshments and all the arrangements were carried out in a way which made the reunion an occasion of great pleasure and interest to all who attended.

The meeting was called to order by Miss Dunlap as chairman and after a few words of greeting the minutes of the last meeting were read and approved. Then Miss Bernice Wheeler of Illinois college, student member of the board of directors of the Illinois college Woman's Building association, made a report in regard to the fund now being raised for a building. The Alumnae association voted to pay its pledge of \$50 toward this fund this year if this is possible.

A number of letters from non-resident alumnae were received and these were read, and the secretary was instructed to send letters of sympathy to the families of two non-resident members who have died during the past twelve months. These members were Miss Carrie Crane, whose death occurred at Bloomington, and Mrs. Nathan Pegram, who died at Decatur. The latter in her girlhood days was Miss Katherine Hall Leighton.

Tributes to Deceased Members.
Tributes were read to the memory of two local members whose deaths occurred during the past year. The tribute to Miss Stella Lenora Cole was read by Miss May Dummer and Mrs. Ensey Moore paid tribute to Mrs. Hazel Brown Bellatti.

The report of the cabinet was made by Prof. Isabel Smith, Mrs. Coleman, a graduate of the Athenaeum, was elected to membership. The election of officers was then held and resulted in the choice of the following:

President—Mrs. E. P. Kirby.
Vice President—Miss May Dummer.
Secretary—Miss Hazel Bell Long.
Treasurer—Miss Eleanor Moore.

Program of Dances on Lawn.

Following the business session adjournment was taken to the Academy lawn, where a most delightful program of dances was presented. Young people of Illinois college who took part in the Old English May day fete at the college some days since made this attractive feature possible. The young people appeared in the costumes worn on the previous occasion and presented a most beautiful spectacle as they danced beneath the stately trees which ornament the Academy lawn. The various dances were given with a charm and grace which called for frequent encores.

The first dance was that of the Forest Sprites, by young girls. Then came the Sword dance by a number of young men. The solo dance by Miss Mary Alexander called forth many complimentary words. Following this came the Ox dance by young men and the Pipes of Pan by girls. The last dance on the program was "A Little Man in a Fix," by four young women and four young men.

The program on the lawn was followed by a social hour during which ice cream, cake and coffee was served. Altogether the reunion was one of the most pleasant in the history of the association.

Children's Footwear That Pleases

Little tots in pretty little frocks and suits will want footwear in harmony for children's day. It is the day when the children are at the front. They occupy the place of honor and will want to be neat and attractive, of course.

We pay particular attention to the needs of little feet, how careful they should be dressed in their plastic growing state, we are convinced of. Proper fitting is all important and we make every effort to assist in offering properly shaped footwear. See our assortment of pleasing slipper styles for the children.

For play see our line of sandals and play oxfords. They are made for comfort and wear.

HOPPERS On The Corner

WINCHESTER

Winchester, June 7.—Mr. and Mrs. F. H. Allen returned Friday from Rock Island where they were called by the death of Mrs. Allen's niece.

There will be an ice cream social and band concert by the Roodhouse band at Monument park for the benefit of the high school band next Thursday evening. It is hoped that the attendance will be large and the patronage liberal. J. C. Lewis, M. R. Green and E. D. Beird were business visitors in Winchester Saturday.

Children's Day exercises will be held in the Methodist church Sunday evening. A program of special merit has been prepared.

Dr. Josephine Milligan, Dr. Grace Dewey of Jacksonville and Miss Ann Miner of Chicago will be guests Sunday at the home of Dr. James Miner and daughter.

Miss Leila Keimel of Morrisville arrived Saturday to visit Miss

Nell King.

Mrs. George C. Smith, Mrs. W. D. Gibbs, Mrs. J. C. Grout, Mrs. James Overton and Miss Miner have returned from a meeting of the State Federation of Woman's clubs at Peoria.

Miss Opal Lignon will leave Sunday for Quincy to attend the summer term of the business college. John Ryan and children of Roodhouse are visiting friends in Winchester.

Mrs. W. F. Gibson of Greenfield arrived Saturday to visit at the home of Earl Nelson and family.

OSCAR THIEBAUD WEDS MISS MELBA ANDERSON

Ceremony Said by Rev. M. L. Pontius Saturday Evening—Will Reside in Oklahoma.

Oscar Thiebaud and Miss Melba Anderson were united in marriage at 8 o'clock Saturday evening by the Rev. Myron L. Pontius at his home, 508 West College avenue. The ceremony was witnessed by Miss Lois Anderson of Rome, N. Y., Miss Myra Anderson of Chicago, and Frank Anderson, sisters and brother of the bride.

The bride is the niece of W. W. Holliday and for a number of years has made her home in this city. She is a member of Central Christian church and is a young woman of much personal grace and charm which has endeared her to a large circle of friends.

The groom formerly attended Illinois College where he was a star in athletics playing on the championship football team of 1915. He is also a member of Central Christian church. For a number of months he has been in overseas service returning recently. He is now resident in Oklahoma and will take his bride to that state.

Following the ceremony Ellis Henderson an uncle of the bride took the newly married couple to Woodson where they boarded the train for their Oklahoma home. However, the friends of the couple became aware of their intentions and also traveled to Woodson and as the bride and groom were entering the train and showered them with rice, old shoes and good wishes.

CARDINAL GIBBONS AND THE BOY SCOUTS

America's Beloved Arch Bishop in Answer to the President's Call, Recommends Catholic Troops in This Letter.

Cardinal's Residence, 408 N. Charles St., Baltimore, Md. May 13th, 1919.

Dear Mr. McAdoo:—The young boys of the nation are its fathers to be. We, as a nation, are best prepared when we train them in the right principles of American patriotism. To make them the fit citizens of tomorrow is the sacred obligation that rests upon us all.

The Catholic Church with untiring efforts seeks to so train them from their earliest years. Religion is the basis of true citizenship for the young and for the old. We welcome with our fellow citizens, and agency which, developing this religious spirit, will train youth in the immediate obligations and duties of citizenship. The Boy Scouts particularly in their splendid labors during the war have shown how their organization helps towards such a result. It is an organization that does not deny, but builds upon the religious faith of the boy member; that exacts of him the faithful observance of all his religious duties.

Such a movement for the promotion of right citizenship has our hearty approval and we recommend to the priests and laity of America in answer to the call of the President, the formation of Catholic units of Boy Scouts.

Praying God's blessing upon the boyhood of America, I remain, Faithfully yours, (Signed) J. Card. Gibbons.

LEAVE FOR MICHIGAN

Mrs. E. E. Crabtree and son Farrell and Felix Farrell, Jr., left last night for Chicago, on their way to Omena, Mich., to spend the summer. Mr. Crabtree accompanied them to Chicago and will return Tuesday.

BACK FROM OVERSEAS

Dr. Dwight Morton, who has been in the medical department of the army in overseas service for more than a year, has recently returned home, according to a letter received by Mr. and Mrs. R. R. Stevenson. Dr. Morton is a son of Rev. S. M. Morton of Taylorville, formerly pastor of Westminster church. The physician had the rank of captain and according to the record did some excellent work in the department.

ROTARY CLUB HELD ELECTION FRIDAY

Directors Chosen to Manage Affairs of Organization—Reports of Officers Made—M. L. Pontius Elected Delegate to National Convention.

The annual business meeting of the Rotary club was held at the noonday luncheon at the Pacific hotel Friday noon. President Harry M. Capps presided and after the business session Rotarian H. E. Babcock of Chicago, who was present as a guest, told something of the methods and work of the Chicago club. An office is maintained at Hotel Sherman. Rotarians gather there every day at the lunch hour and in addition there is a regular weekly luncheon. There are also two night meetings each month. According to the laws of Rotary the directors are chosen each year and they select the president, secretary and treasurer. The directors chosen were the following: F. J. Blackburn, Frank Byrns, H. M. Capps, W. L. Fay, F. J. Hehl, M. L. Pontius, V. R. Riley, T. M. Tomlinson and F. J. Waddell.

The reports were presented by F. J. Hehl, secretary, and L. T. Potter, treasurer. At a previous meeting the club had decided to get behind the Boy Scout movement here and it was voted yesterday that each member of the club should become an associate member of the Boy Scout organization. Further, it was decided that each Rotarian shall secure four or five associate members in the campaign for 305 memberships, the allotment of the county according to the notice recently received from W. G. McAdoo, who is in charge of the national campaign.

The international convention of Rotarians is to be held at Salt Lake City June 16-20. By unanimous vote Rotarian M. L. Pontius was chosen to represent the local Rotary organization. Incidentally Mr. Babcock stated that at least sixty out of the 400 members in Chicago expect to attend the national gathering.

While the Rotary membership here has not been fully completed, it may be interesting in this connection to give the present membership roll. There are two honorary members, Rev. F. F. Formaz and Rev. W. E. Collins, and the following are the forty eight active members:

"RED LANTERN" COMING TO THE RIALTO.

"In 'The Red Lantern' Metro has turned out a photoplay which will challenge attention with any production ever presented."

"It is a superior achievement—realized not only in the scope and magnitude of its lavish scenes, all of them conceived with painstaking care and accuracy, but in the graphic and logical development of its story and characterization."

"Nazimova, undertaking a dual role in which the characters are entirely different, displays the highest form of histrionism. Her performance is superb in its vividness, poignancy and sympathy. "Would not have scored so effectively were it not for the appreciation of Merto in selecting appropriate material. Theirs will be the distinction hereafter of having produced the Red Lantern."

COMMENCEMENT HELD AT BLUFFS

Graduating Exercises Held in Opera House—Address By O. L. Manchester of Illinois State Normal—Bluffs News.

Bluffs, June 7.—Commencement exercises were held at the Opera House at 8:30 o'clock Thursday evening. The following program was rendered:

Overture..... Orchestra
Invocation..... Rev. F. H. Lathrop
Slow Soft Wind..... Vincent
Address—O. L. Manchester, Illinois State Normal.
Music..... Orchestra
Presentation of Class—Supt. R. L. Newenham.
Presentation of Diplomas—Royal Oakes.

Benediction—Rev. E. J. Rees.
The program was pleasing throughout and the address well delivered and much appreciated. The theme was along the line of Home Economics and Internal Social problems.

Mrs. Gus Ingram of Springfield is a guest of the E. A. Shore household.

Miss Blanche Minthorn, who has been engaged as teacher here for the past two years, returned to her home in Bloomington Friday.

The Household Science club will hold their annual banquet at the basement of the M. P. church Tuesday night.

Mrs. Charles Hale, who has just closed her sixth successful term of school will hold a picnic and outing in the grove south of town Wednesday for all pupils who have ever gone to school to her and also their parents are expected to be present.

All former pupils wherever they reside are requested to attend. She will be pleased to welcome any of her former pupils from Morgan county. Mr. and Mrs. Hale will leave soon for their new home near Bloomington and take this means of greeting her former pupils and their parents.

Each attendant is expected to bring a well-filled lunch basket for the evening. Mrs. Hale has taught twelve terms of school in Morgan and Scott counties and a large number should be in attendance.

She was formerly Miss Marie Whitacre and many will remember her by that name.

The Junior Endeavor society of the Central Christian church have postponed their picnic from June 10th to June 19th.

STRONG PEORIA TEAM WILL BE HERE TODAY

The Indees will have the strong Barrett team of Peoria for opponents at the Indee park this afternoon.

The visitors have some men in their line-up who have been playing around Peoria for several years and they are players of a high type. Claude who is on the roster as a pitcher has pitched some of the best ball in that vicinity for the past few years and Berger is a member of the famous Morton team which has taken the measure of many teams the past few years.

The Indees are going strong and the brand of ball they have been putting up the past two Sundays will win lots of games. However they have not been hitting as well as they will later on and some good pitching might turn them back. Whichever wins the fans may rest assured of seeing a good game this afternoon. Play will be called at 2:30 o'clock. The line-ups:
Indees—Ruble, 2b; Wheeler, 1b; Briggs, ss; Rigs, cf; Clark, DeFrates, 2b; Christopher, lf; White, rf; Walton, p; Wilkerson, Crisman, utility.
Barretts—Sauers, 2b; Braverman, cf; Fleugel, 3b; Cone, ss; Bowdoin, 1b; Driscoll, rf; O. Johnson, lf; Baker, c; Sellers, Berge, Claude, p.

JACKSONVILLE PRECINCT CONVENTION

The Jacksonville Sunday School Association will hold its annual convention Sunday, June 15, beginning at 2:30 p. m. The meeting will be held at the Central Christian Church. C. L. Mathis is preparing an interesting program which will be published within a few days. Music will be furnished by a union Sunday school orchestra under the leadership of John Kearns. Jacksonville delegates will give reports of the state convention at Rock Island, and preliminary plans will probably be made for entertaining the 1920 convention.

Sixteen schools are members of this organization, and a large attendance is anticipated.

Expectant Mothers
View Event Calmly

Use Brings Knowledge That by Use of Penetrating Remedy Suffering is Avoided.

Thousands of women have found by the use of Mother's Friend, the penetrating external remedy, prepared especially for expectant mothers, that pain and suffering at the crisis is avoided and that in addition the months preceding the crisis are free from nervousness, nausea, stretching, ear-aching pains and general discomfort. Mother's Friend makes it possible for the expectant mother to herself actually achieve the glorious work to be performed and no woman should neglect to give an extra helping hand. It will mean infinitely less pain and the hours at the crisis will be less. The period is one of calm repose and restful nights.

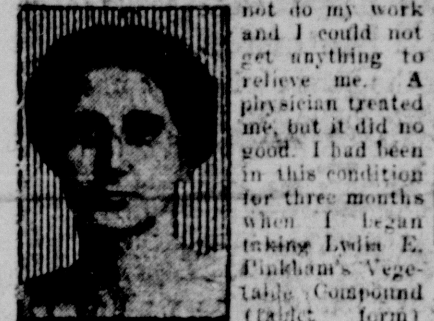

By the use of Mother's Friend the shift kept soft and natural, and experiences mothers say that it is much better to keep the head and good looks during the period of expectancy than to try to regain them afterward.

WHY DO WOMEN
SUFFER

When There is Such a Remedy for Their Ills as Lydia E. Pinkham's Vegetable Compound?

Mishawaka, Ind.—"I had such a severe female weakness that I could not do my work and I could not get anything to relieve me. A physician treated me, but it did no good. I had been in this condition for three months when I began taking Lydia E. Pinkham's Vegetable Compound (tablet form) and it cured me. I keep bottles and am able to do my work now. I certainly praise your medicine."—Mrs. Sylvia Oldfather, 548 West Second Street, Mishawaka, Ind.

Women who suffer from such ailments should not continue to drag around and do their work under such conditions, but profit by the experience of Mrs. Oldfather and thousands of others who have tried this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and found relief from such suffering. If complications exist write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience in advising women on a subject is at your service.

THE BOY SCOUTS
RELIGIOUS POLICY

Scouting presents greater opportunities for the development of the boy religiously than does any other movement instituted solely for the boys. Its aim to develop the boy physically, mentally and morally is being realized very widely.

The movement has been developed on such broad lines as to embrace all classes, all creeds, and at the same time to allow the greatest possible independence to individual organizations, officers and boys.

The Boy Scouts of America maintain that no boy can grow into the best kind of citizenship without recognizing his obligation to God. The recognition of God as the ruling and leading power in the universe, and the grateful acknowledgment of His favors and blessings is necessary to the best type of citizenship and is a wholesome thing in the education of the growing boy. No matter what the boy may be—Catholic, or Protestant, or Jew—this fundamental need of good citizenship should be kept before him.

The Boy Scouts of America, as an organized body, therefore, recognizes the religious element in the training of a boy, but it is absolutely non-sectarian in its attitude toward that religious training. Its policy is that the religious organization or institution with which the boy scout is connected shall give definite attention to his religious life. If he be a Roman Catholic boy scout, the church of which he is a member is the best channel for his training. If he be a Hebrew boy, then the Synagogue will train him in the faith of his fathers. If he be a Protestant, no matter to what denomination of Protestantism he may belong, the church of which he is an adherent should be the proper organization to give him an education in the things that pertain to his allegiance to God.

A sign that a Regiment cheered

Just a painted sign on the wall of an ancient building in France! "Not much of a thrill in that," you'll say

YET a regiment of American soldiers, dog-weary from a long hike, dripping wet from an all-day downpour, broke into cheers at sight of it. You'd have thought they had come unexpectedly on a Statue of Liberty in Brest

That sign represented "God's country"—a glimpse of home that had gone across the sea to meet them.

When Hart Schaffner & Marx placed their signs in the prominent locations in Brest, Bordeaux, St. Nazaire, Nantes, and the

other ports of embarkation in France, they hoped the signs would be more than merely messages that let the boys know they'd find Hart Schaffner & Marx clothes—stylish, all wool, guaranteed—ready for them when they got home

The fighting men did see them as more than advertisements too; they gave the boys a little glimpse of "back home" that cheered them on. Hart Schaffner & Marx say that if those signs don't do one other thing than that, they're more than repaid

If your boy hasn't returned, save this and show it to him. He will remember.

ONLY TWO LEFT

We Have Just Two Cars Left to be Sold at the Old Price

It is well known among car makers that based upon present costs of material and labor, the New Elgin Six is under-priced. The price of \$1395, too low for the value of the car, has been maintained because of the general feeling thruout the industry until recently that there would soon be substantial reductions in the cost of production. However, these expectations far from being realized, it has now become necessary to increase the price of the New Elgin Six to \$1485.

Careful comparisons and tests have proven beyond possible doubt that there is no other car on the market today priced as low as the new figure we have named and can equal the New Elgin Six in the essential points of appearance, performance, durability, comfort and economy.

HERE'S A TIP:

See us now and reserve one of these models or you may be too late.

CORN TASSEL WINS CLASSIC AT BELMONT

NEW YORK, June 7.—At the Belmont Park race course today over a track that was lightning fast, R. G. Wilson's 5 year old gelding Corn Tassel, by Santol-Cornfield, won the classic suburban at one mile and a quarter. The value of the stake was \$25,000 and the gelding after a driving finish, just nosed out Sweep On with Commander J. K. Roos's horse third. The winner's time 2:02 1-5 is really a record for this race as the official time of 2:00 flat credited to Whisk Broom when he won this event in 1913, was not generally accepted.

Just You Ride

More Than Half a Million Motorists Now Praise Their High Quality Light Weight Car—\$1490—F. O. B. Jacksonville.

IN AN ESSEX

No other proof is needed to win you to it.

Thousands have placed their orders upon the demonstration revealed in a short ride.

Its performance is so convincing that one is not left with indecision as to its value.

Consider What Thousands Say

On every hand you hear praise for the Essex.

Its newness created an interest that sent hundreds of thousands to Essex stores to see it. On the first day more than 5,000 rode and were won by its performance.

Every day of the past four months has seen a swelling tide of admiration until now all are saying the finest things for it.

What Is It That They Admire

Is it performance or appearance—low cost or economy of operation?

One speaks of one quality, another of some other feature.

That is accounted for by the experience those persons have had with other cars.

No. 8 West Side Square

R. T. Cassell

No. 8 West Side Square

It Has Appealed To All Motorists

Interest in the Essex has come from all classes of motorists.

That proves the fulfillment of the aim of its builders. They intended it should be the car that would embody all the advantages of the two accepted types of cars.

It should have lightness as well as durability—performance as well as low first cost—easy riding qualities as well as economy of operation.

They did not sacrifice the advantages of either—they combined them.

That is what all have recognized. It is what we want you to know and thus our statement "Just you ride in an Essex."

A MESSAGE TO MEN

Life Insurance has done more to abolish poverty than all the dreams of financiers or the acts of constructive statesmen.

During life it makes a man alive to his moral responsibilities; re-awakens in him love of home and pride of family; teaches habits of industry and thrift; quickens in his veins the corpuscles of ambition; lifts him from drudgery and despondency to a plane whereon dwell his successful fellow men; blesses him with self-respect and heartens him with sustaining hope. After his death, it solves the problem of ages: "What shall become of the widow and the orphans?"

It saves the devoted wife from penury and work; provides shelter, food, clothing and education for the children and spans the dark clouds of grief with a rainbow of security.

When the final hour comes, what thought can so solace the departing soul as to know that those nearest to him will not be left to the cold charity of the world?

An hour's delay may mean an eternity of regret. Protect wife and babies now.—Contributed.

One Less Worried for a Busy Housewife

The sultry days have arrived, making the kitchen less tolerable and baking day loom up a joyless and irksome task.

But why not dispense with baking day altogether? Let us contend with the heat and run the risk of failure.

We are proving to all the economically inclined housewives that it is much cheaper to buy bakery goods here than it is to bake them in the home kitchens.

Buy your bread, cakes and pies of us for one week, beginning tomorrow. Put our claim to a test. See if it will not prove a truth.

MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits over.

Many become nervous and inefficient by overwork.

By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink — excesses of every kind that burn up the vital powers — necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, despondency, fear, trembling hands, want of confidence and nervousness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue — if our nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-ferin is without doubt the grandest remedy for nervous, rundown, weak, anemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand — sell many packages.

The Feed for the Hard Pull

Feeding a horse is like feeding fuel to an engine. Often the cheapest fuel is the most expensive in the end, because of waste in ashes and clinkers.

A wise horseman soon discovers that PURINA O-MOLENE is the cheapest feed he can buy, measured by the work it produces.

More "punch" than whole grains, far less waste, instantly relished, quickly digested.

The cheapest GOOD feed
It's not what he eats — it's what he digests. Purina proves it.

A STRENUOUS SERVICE.

William M. DeSilva landed in Jacksonville Friday night and was welcomed by the family of his father, J. H. DeSilva on Hooker street. William has surely done his part in defeating the Hun. He was first a member of the national guard and soon after our country declared war he enlisted in May, 1917, in Pekin in Co. 55th Illinois Infantry and was sent to Camp Logan, Texas, where they remained for over nine months. There he was assigned to Co. G Ammunition Train. They built the structures on the camp ground and did much other work and then were sent to Montreal, Canada where they remained but two days and then they sailed for England on the East India Steamer "City of Poonah" and landed in Southampton. There William was assigned to the advance baggage train and sailed for LaHayre, France and proceeded to Villa-Pons where they were supplied with mules and wagons and then went on to the Toul sector, a part of the famous 33d Division.

William was orderly of Captain Springer of whom he speaks in the highest terms. They were in the St. Mihiel drive two weeks, then went to Bunsur, Musee and then to the Argonne and remained there till Nov. 8th and then went to Imbriant and other places and on to Italy near Sedan which they could easily see. Then they went with wagon train across Belgium to Luxembourg where they remained some time, in the army of occupation. Then they turned in their stock and went to Edlebroow and there were reviewed by General Pershing, Secretary Baker and the Duchess of Luxembourg. They then went to Brest and took passage on the U. S. Steamship "Charleston" and in ten days landed at Hoboken and thence went to Long Island, then to Camp Mills and later to Camp Grant where they were discharged.

Like all others in those historic places, William had many experiences. Once a comrade was blown to pieces by a shrapnel right by his side. He speaks in high terms of praise of the Salvation Army lasses who followed the men right to the front with food and comforts. He saw one Salvation Army girl who had an arm torn off by shrapnel. William is in good health and ready now for the pursuits of peace.

Letters of Interest from Morgan County Boys in the
Country's Service.

FROM WAG. F.
R. FAIRFIELD.

An interesting account of his army experiences has been sent to relatives by Wagoner F. R. Fairfield, now in France with the 52nd Infantry:

We left Camp Forrest, Ga., on trucks for Lytle, Ga., June 28, 1918, and departed from the latter point for Camp Upton, L. I., at 10 o'clock a. m. We passed thru the historic city of Chattanooga, Tenn., then thru the cotton belt of Georgia and thru both the Carolinas and a portion of the Blue Ridge mountains. Also went thru a portion of Maryland, District of Columbia, Pennsylvania and New York, arriving at Jersey City at 9 a. m. Sunday morning. The weather was very pleasant on that day. We spent several hours in Jersey City waiting for our baggage to be transferred to the ferry boat, and boarded the latter at 12:15, having a pleasant trip up the East river to Long Island City. We completed the trip to Camp Upton by rail.

Camp Upton, according to our opinion, is a place that reminds us of an oasis in the Arizona desert, lacking only a few specimens of scorpions, rattlesnakes and animals of various kinds useless to mention. We spent ten days of misery there, during which we met with many hardships, such as gas mask drill, cooties drill and the famous steel helmet drill. We left Camp Upton for New York July 5, 1918. (By the way, Camp Upton is only sixty-five miles away from civilization.)

We embarked on the largest freighter in the world, named the "Belgic." We stayed in the harbor all night and left next morning at 3 o'clock. We tipped our hats to the "dear old girl" as we passed and said, "We will see you again in 1919." Then picking up the rest of the convoy, which consisted of fifteen other large ships loaded with American troops assisted by one battleship, one camouflaged gun boat and a number of submarine chasers, set sail for "over there." We spent twelve days sleeping in hammocks at night and running up and down stairs during the day. The battle cry of the Belgic was "You can't stay here, and we did not." On the eleventh day we picked up twelve English destroyers and on the twelfth day we caught sight of land, and what a grand and glorious feeling to

see good old terra firma again. After passing thru the Irish channel we landed at Liverpool, England, at 9 p. m. on July 17, and left the boat at 11 p. m. We hiked about a mile to a station in the rain, and here we caught a train for Winchester. We arrived at the latter point at 10 a. m., July 18, remaining there several days and then hiked to another camp called Wyndall Down. We were there for five days and had wonderful chow, goat, sheep, limberger cheese and a little weak coffee with some bitter marmalade, every day for the period.

From there we went to Southampton, where we boarded a boat and set sail for LaHavre, France, just opposite a large hospital where we saw our first wounded soldiers, coming back from the front. We then started for our first hike in France, hiking about five miles to the outskirts of the town. We remained there one day then left by truck to board a train for the interior of France, arriving in the village of Le Tricey at 11 p. m., the night of July 27.

We pitched tents in the rain and stayed all night, leaving the next day at 4 p. m. for Dancevoir, a very old but pretty village, and where we had our first experience with the French people. We were billeted in barns, usually some old hay loft with the rats and other animals.

On August 27 we left this town on trucks for La Bresse, which is a pretty place, located between two mountains of the Vosges.

On one of these mountains is a very large cross with a bronze figure of the great French heroine, Joan of Arc, marking the place where she started her famous drive. After spending two weeks at this place, on the 14th of September we departed for LeCollet, arriving there in the night and not being allowed to strike a match on account of being so close to the front. We had a great time unloading our equipment, ammunition, etc., in the rain and darkness, also mud up to our knees.

Two days after our arrival our regiment went into the front line trenches, situated opposite Munster, and near the Swiss border, using the German billets for our quarters. On the 13th of October we left in the rain on a 30 mile hike to a town named Dammarville. We were again billeted in barns. We left this place Oct. 28 for St. Meneschild, arriving there at 2 p. m. Oct. 2, this being the nearest railroad to Les Islettes, a hike of about 6 miles. Arriving here we were assigned to our billets and spent several days moving.

On November 1st we started for our last but real front. We were loaded on trucks and passed thru the real war zone, where we saw the destruction made by the big famous million dollar barrage of the Americans. We also saw many German dugouts, a few winter gardens and a number of German rest camps. Finally arriving at Ponce de Leo, a camp made by the Germans in the Argonne forest, unloaded our supplies and ammunition and stayed there until Nov. 4, when we again started for the front. We could hear the roar of large guns which seemed as deep thunder in a continuous roar and facing this noise we proceeded to follow the Germans for four days. The sight of a battlefield was a terrible one. All that could be seen was death and destruction.

At the end of the four days we arrived at Stonne. On our way we passed thru the remains of Grand Pre, Bourgnay, Chacost, Pierremont, Authie and into Stonne. On Nov. 9 we started back, staying the first night at Stonne. Moving on, we finally stayed two days in an old German prison camp, then ditched our supplies and started out for Cornevey. There the hob-nail express began for McFaon. We stayed at the latter point over night, and left the next morning for a place in the woods, and then started on a memorable hike in which we found plenty of misery, sleeping every place but the right one.

We finally arrived at Rouen Sar Aubre our present home which is about 15 kilometers from Dan Cevoir, our first training area in France.

From Ordrain P. Fox.

The letter printed below has just been received by Mr. and Mrs. P. W. Fox from their son Ordrain P. Fox of headquarters detachment Fifth Division, in overseas service.

May 13, 1919.

Dear Mother and Father: Just a few words to let you know that it is a mighty fine day and the best of it is that the Fifth Division starts for home May 21, and I am going to go on the very first train, believe me, with the Fifth division show.

We are going to close up this office in a very few days now. It was sure some great surprise to us all and we will be the first regular division back. I expect to be home for the Fourth of July, and all the troops will be home in two months' time now.

I am enclosing a very nice little souvenir of the St. Michel drive and I also sent you three post card books of views in Germany, most of the places which I have seen. My discharge was turned down, altho it was approved by the general. But I suppose they knew we were going right away anyhow.

Do not write to me any more over here as I don't think I'll get the letters. We sail from

Brest the first of June, so if I have real good luck I ought to celebrate the Fourth at home once again. I will try to write you again before I leave but will be pretty busy getting ready I suppose. You can tell my friends that I will be back there unless the Germans start again.

Your loving son,
Ordrain P. Fox.

From W. H. Young

Mr. and Mrs. J. E. Young of Murrayville are in receipt of the letter which appears below, from their son, W. H. Young, on board the U. S. S. Minnesota.

At Sea, April 24, 1919.

Dear Folks: While we have still about six hundred miles to travel, I will give you a letter about my little voyage to France. First I hope all of you are well. I am enjoying good health and have been during the entire trip. We left Hampton Roads April 1, aboard the battleship South Carolina, passing out of sight of land about noon.

The most exciting part about going over was a race with the North Carolina. The afternoon of the second day out mine sweepers which the Minnesota had attached to her bow began to give trouble, forcing us to stop three times. During this time our rival passed and was out of sight by night fall and continued so for three days. Our overtaking her was probably due to the fact that the entire crew was peevish. It was reported that the captain said he would light off all the boilers rather than hold second place arriving at Brest. We held the lead until the morning of April 10. That night by increasing our speed we were first to see the coast of France the next day, about 9 o'clock a. m., and it was all high bluffs and hills. We saw several light houses, some of them on large rocks out from the shore. By noon we were anchored in the bay or harbor of Brest, among other American ships. We at once began coaling, having made preparations on the way over as the sea was very calm all the way.

We had the most enjoyable time, except for being on the go. Everybody works on a battle wagon, especially a regulation flag ship, like this one. Admiral Grant was aboard until just before leaving the states. At Brest our crew of seven hundred was divided into three sections, each man getting one liberty. Two went ashore on Monday, the third day in port. At 1 p. m. that day the wind was surely terrific and the waves so high some of the ships did not send liberty parties ashore until later. While it was far from being calm, our motor boats made the three miles to Brest without mishap. No sooner had we landed than I met sailors whose acquaintance I had made months ago.

After getting a few souvenirs we went to an old castle where they were staying. The guides who are there each afternoon from 1 to 5 o'clock showed us all I do not know how true it is but I was told the castle was built in the days of Julius Caesar. Over the door of some of the buildings was the date 1776. The guide led the way thru many dungeons. We saw the place where men and women had been held prisoner for years. Anna Breton, (I think that is the name) is said to have been a prisoner there. Most of the sailors who are stationed permanently at Brest stay in this old castle.

I lined up for chow with the boys, several hundred all together. If all they told me is true I saw quarters once occupied by Napoleon. We were to be on the docks by eight o'clock that evening. I was there before that time as our three motor boats were not carrying their full capacity. At nine o'clock about sixty of us were still in Brest. It was pitch dark by this time and waves higher than ever. The last motor boats to leave the docks that night almost sank. One of them tied up to the South Carolina which was the first one it came to. We waited until ten o'clock. Word came by men of the third motor sailor, the other two being out of commission, for us to spend the night at the old castle. The master of arms of our ship led the way. We had not been there long when word was passed about that we would be taking back to our ship on a tug boat, together with members of the crew of the South C. Huntington and Missouri. When we reached the pier, having passed two high walls perhaps a hundred feet in height, we had to go down a ladder fastened onto a high wall. As but one man could go down at a time it was two hours before we were all aboard. One half hour later we were alongside the "Minnie."

Altho the tug was a large one, the waves tossed it about as tho it were a toy, coming in between the two ships almost reaching the main deck. The only way to reach the main deck was to climb a line ladder. Officers and men above us threw a rope or line down for each man to fasten around him before starting up. There was surely some scrambling, as the waves kept washing the tug away and only when close could we ascend. As it was too late to swing a hammock I slept on boxes until morning. Most of the Rainbow division we were to bring back came on board Sunday, April 13, almost thirteen hundred men. There were now almost two thousand aboard, including our crew, and we did not have any too much room before.

On Tuesday, April 15, at 5 p. m., we were all set up for the return trip, and other ships started too. It was reported that they turned back because of the storm that was raging. A good many of the sailors and perhaps one half the soldiers were seasick. All that night and the following day huge waves would crash against the side of the ship causing it to pitch and roll. I wasn't seasick one minute. One of the soldiers who was seasick said, "Oh, me this front line of trenches in preference to life on the sea."

WEAKNESS PREVAILS

IN CORN MARKET
Liquidation of Lines That Exceeded
the Newly Re-established
Maximum Limit Cause of Drop.

Chicago, June 6.—Weakness

prevailed most of the time in the
corn market today owing largely
to liquidation of lines that ex-
ceeded the newly re-established
maximum limit 200,000 bushels.
The close was unsettled at a
range varying from 1c net de-
cline to 1-1/8c advance, with
July 1.68 3/4 to 1.69 and Sept.
1.60 1/2 to 1.61 5/8.

Oats finished unchanged to

3-4c higher. In provisions the
outcome varied from 65c set-
back to a rise of 10c.
The market as a whole had a
downward tendency owing to
good weather and to reports of
labor unrest both sides of the
Atlantic.

Dunbar the last part of the

day however, week-end adjust-
ment of trades led to rallies.
Oats were awayed in the main
by the action of corn. Some im-
provement of domestic shipping
call was noted.

Changes in the value of

provisions appeared to depend to
a great extent on the course of
grain. Lard and ribs showed
good recuperate energy but pork
far less.

EXPLAINS PRESENT DISORDERS IN EGYPT

Member of Egyptian Delegation to Peace Conference Explains Situation from Viewpoint of Agitators—Was Recently Deported to Malta.

Paris. (Correspondence of The Associated Press.)—A statement concerning the present disorders in Egypt, explaining the situation from the viewpoint of the agitators, has been given to The Associated Press by Mohamed Mahmoud Pasha, a member of an Egyptian delegation of twenty which is here to ask the peace conference to recognize the independence of Egypt. Mohamed Mahmoud was at one time governor of the Suez Canal and later governor of the province of Behera. He with three other leaders of his party were deported recently to Malta but were released after a month and came on to Paris. His statement follows:

"The political status of Egypt underwent a great change, owing to the war. International relations between Egypt and other countries must be rearranged, and the British protectorate which was proclaimed at the beginning of the war and which has never been accepted by the Egyptian people, was a war measure and cannot stand after the termination of the war.

Plead Cause of Country.

"All these questions which emanated from the war can be settled by the peace conference only, and a proper settlement necessitates the hearing of Egypt's voice therein. For these reasons the Egyptian delegation was empowered by means of mandates from all classes of the Egyptian people to come to Paris, plead the cause of their country before the peace conference, and request therefrom the recognition of the independence of Egypt.

"But the delegation was prevented by the British authorities from leaving for Europe, and the Egyptian ministry which was in complete solidarity with the people, resigned early in March last. No Egyptian was found to form a ministry, and for this bankruptcy of British administration in Egypt, the delegation was held responsible.

"The chairman, Saad Zagloul Pasha, former minister of education and later of justice, and now vice president of the Egyptian legislative assembly; Ismail Sidkey Pasha, former minister of religious endowments; Hamed El Basil Pasha, one of the leading Bedouin chiefs and a member of the legislative assembly, and myself, were arrested on March 8 and deported to Malta without any charge or inquiry.

"Indignation Reached High Pitch. 'The Egyptian people almost to a man demanded our immediate release and the immediate departure of the delegation for Europe. Their indignation reached a very high pitch when they saw in this violation of individual liberty an attempt at depriving Egypt from enjoying the liberal principles of President Wilson, and they also saw that all the enormous sacrifices which, in the language of General Allenby, were to a very large extent responsible for the decisive victory over the Turks were in vain.

"Representative Egyptians from Alexandria to Assuan lodged a stern protest against such a treatment. Young men and the students made peaceful demonstrations, but the British troops opened fire at them. Yet the demonstrations continued and the fire of machine guns and rifles continued also. A very large number were killed in Cairo and the provincial cities.

"This revolution is a national movement against a foreign domination, which is abhorred by the entire Egyptian population. Mohammedans and the Christians are in absolute accord. The Egyptian movement is neither religious nor anti-foreign, nor instigated by Germany or Turkey. It is a deep rooted desire on the part of all the inhabitants of the Valley of the Nile for the attainment of the independence of their country."

GIRL AND THREE POLICE WOUNDED.

Dublin, June 6.—One girl and three policemen were wounded last evening by shots when the police dispersed a crowd gathered in front of the Mansion house to celebrate the birthday of James Connolly, "commandant general of the Irish republican army" who was executed on May 3, 1916, following the Irish revolt. The gathering had been forbidden by the city authorities.
